(UPDATE mini BLOG 29-Oct-2025)
NOBODY CARES ANYMORE …do you care?? (29-Oct-2025) r.i.p.

I dedicated this stream to alive528 who will soon be no more. So, Israel, you should be ashamed of yourselves for allowing a platform where truth…free speech, is still spoken, but shall drown like a swimmer in the sea who has reached the end of his strength, and you only just watch to see him drowning...and shall go under, and to go never rise again...because you don't care...because of, you have no compassion, no fighting spirit anymore, and so on. Just like the Space Warrior in the screen, who now also hangs his head,(just like me) because it's a lost cause for him and he can no longer defend free speech on his own against an overwhelming force that has now taken control over everyone because you are all mentally broken now by the Powers That Be, your sick power-hungry psychopathic OVERLORDS...and everyone has given up

now, and everyone is only waiting now, to fall under the total control of the NWO and shall be locked away in smart cities and in a digital system of oppression and domination that has been built for everyone...TOTAL CONTROL over you...in other words, you will have to live in your digital concentration camp where free speech will not exist...because you no longer care, and without any willpower left in you....so You will get what you deserve… what the Overlords have arranged for you…..R.I.P alive528 ... R.I.P Free speech??…….i rest my case now, ...its up to you now!...all of you...do yo care?? 🙏

==========

WELCOME HERE, Hi all, I am mec, justmec,..and I was born in Zierikzee and raised in Zeeland on one of the islands in the south of the Netherlands but living now in Germany at the German-Dutch border, in the EU.where now also a communist fascist totalitarian technocratic system is being rolled out...just like in the USA, and in the rest of the world, and I registered here on dlive on december 19, 2019 because very soon the shit is going to hit the fan. while everyone is in or out or in a new lockdown,trembling in fear for the corona virus, covid 19...hoax (which only stands for; Certificate Of Verification

Identificatie - year 2019...and 1-9 means also AI). With their psychopathic sick minds they making other people minds sick, because that's the only thing that can make you sick...sick from their fucking lies, and if there's a "virus" , than are that those fucking liars who are the virus themselfs that needs to be eradicated. Then it's almost admirable how those bastards coloured in our Trumanshow reality. Simple through repeating the lie often enough and show as many stars and celebrities as possible on television and in the newspapers or on social media and show that they have also contracted the corona virus (read: a bag of money),then the masses will automatically believe in this bullshit. (I told all my friends when I was 14..learn to think the other way around, then you will find out the truth sooner..because usually they tell you lies...opposite of truth = lies. Truth is usually simple, lies are usually long complicated stories..to fuck with your brains) It is one big cabal in politics, media and alternative media. And all those in power now, use everything what is usefull to them to destroy the entire existing system, like all their old systems that they want to get rid of, like, fascism, communism, democracy (so voting will also be over soon) etc, but now still serve to destroy everything, as long as that is still necessary for them. So that they can later rule after the destruction through their order from chaos method as the NWO with a Meritocratic technocratic NEW SYSTEM (their new baby) which is financed by wealthy elite aristocratic families and royal houses. In which everyone has "equal opportunities" and much more other bullshit as a basic income etc, and as icing on the cake, they will abolish inheritance. After you die everything goes to the Rulling Powers and the gnawed bones and other leftovers are for the people....what else would they have to pay that basic income from?...not out of their pocket, so they let the slaves pay for that too, ie a cigar from your own box. I know some of those people in a negative way and call them the M-pirats, they are the same people who worship the snake that bites its own ass, and use hidden knowledge only for themselves, very dangerous guys. and they are not only the people from the 13 satanic bloodlines (btw, the serpent emblem, of eternity, also named the big Nag, takes its tail in its mouth and forms a circle (cycles in eternity) in that unending sequence of the negative and the positive).

The real hidden enemy comes out from the Pharaoh bloodlines, and the order of priests and royal bloodlines, By the way, 'pharaoh' is a Greek word based on an Egyptian word meaning 'great house'. When this word was first used, it referred to the king's palace and its greatness, not just the king himself. You had the Red house (in the south) and the White house (in the north)(and the color blue, the shield of arms). Nowadays they use the word 'pharaoh' to mean the ruler of ancient Egypt.
So take a good look around you, and get the sand out of your eyes, look at

which power symbols are in almost each country, pyramids, obelixes, lions, hawks, solarcircles sphinxes, all-seeing eye, their colors(red,white,blue..which you also encounter in their flags, so, not your flag)etc etc. all pharaoic shit. Aristocrats, templers, freeMAsonry, comes out of them and run the shit with all their frontmen for the nwo. And the real hidden Rulers are nice and safe in their beautiful neutral Swissyland founded by the Templars from where the pharoic hidden power dominates the world. Switzerland is not even a member of the EU but they are the middle point of hidden rulling power. Pharaoh said: this will be our red and white neutral territory of the Red and the White House lineage, where we will never make war, because it will be our base, where we will hide all our precious goods as in the old times of the pyramids; the center of power will be there through all ngo's, banks and Swiss Octogon nazi templars.
And those fucks, our "Leaders", who hates everyone with a free will and who always make the population believe that the people cannot do without them, because without them there would be chaos. Well let me tell you this, it is exactly the other way around, without those sick psychopathic parasites there would be no chaos.
And now we live in a time that we have arrived at the end point of the OWO that has switched to NWO, so everything has to be destroyed according to their script that has been slowly rolling out for a few hundred years and has now accelerated to highspeed to the end point. The Western world must fall and all beliefs must now be destroyed by means of war and other misery. Which also immediately wipes away all traces and evidence of the old power structure in order not to be judged so that the rulers can start over with a clean slate. But ey, fuck em...for me is every day a good day to die, Hoka-Hey!! and we must do everything we can to stop these crazy powersick freaks and hold them responsible for all their crimes they have committed against humanity. And remember, all the BS they are now unleashing on the masses is basically distraction..like covaid, civil war threat, hunger, no energy, controlled "natural disasters" a 3rd world war, a financial collapse etc, all this shit is only to roll out their so called, social credit system, because that is what they care about..everyone in their digital hell, total control.

So, enough about this for now, except for now that Rome is still “in control” and has take now the smart slow route to communism through capitalism through elite bloodlines and the families that manage the money for the aristocrats and royal families...the rothschilds. The royals are the old pharaoh bloodlines and the Catholic Church is the order of priests. Together these fucks are the group that has subjected the masses under its control system...a pre-roman pharaonic control system and that is why you can still recognize the pyramid symbolism

and other pharaonic shit everywhere. Just like the Templar cross,symbol, what is a flat pyramid, you look at it from above, a octagon, And the secret power hierarchy number from your hidden Rulers to control you, is 1684 of the pyramid. 1 =the capstone, our visible rulers, 6 = the hexagram, freemasons/politics/banks/elite bloodlines etc. 8 =the octogon, templers/army /police /CIA etc. Their defence and their offence and control on the 4 =We the people(slaves). In brief, the Pharaohs became the Aristocracy, and out the Aristocracy became Templers/Freemasonry, and Octogon Switzerland is their base ...where they are safe thanks to the alps mountains and that swissyland is a neutral country. Neutral? my ass, they have their finger in everything.

Btw, There were recently deciphered some hieroglyphs stating that Egyptians considered anyone who was not Egyptian to be non-human, and so despised by them that they had not even invented a name for them. And besides that you can find much more in the egyptian hieroglyphs, such as circumcision. Why

circumcise dicks? except that the rabbi sucks the baby cock for the first blood, it is a Pharaohic thing and not a Jewish, and has nothing to do with hygiene or any religion. Pharaoh only did this to all their slaves so they don't think of their Ruler who oppresses them, but only thinks of his itchy circumcised cock and will make new slaves faster. Of course Pharaoh and his elite were never circumcised. The knife with which the circumcision is made was sometimes also worn on the Pharaohs double crown on his head, which is still the same knife used to this day

(UPDATE 13-3-2021)
The Freemasons already cover themselves by getting "vaccinated" at home in order to obtain the vaccination passport, by playing the game of the traitors. Who says they got that vaccination behind their closed front door of their own home? no one! but have received their vaccination passport to be safe, without standing in line for a vaccine that has not been tested according to the rules that a vaccine must comply with. Only the slaves must be injected with a substance that will change there DNA, which is the next step towards transhumanism, and whether you survive that injection or not, you are nothing more than a sheep and a lab rat to them. (Freemason and Historian, writer and TV personality Maarten van Rossem (77) has already arranged his own corona vaccination without a call)
https://www.telegraaf.nl/nieuws/550783262/maarten-van-rossem-regelt-zelf-vaccin-ggd-reageert-schandalig Another example of misleading the sheep is played out here....sick bastards. Oo and this what I read today: Should you be worried about the AstraZeneca vaccine? "Don't panic, I repeat, don't panic" (it was said in the Dutch Media ...WTF? 15-3-2021
and btw, only the fact that no one IRL reacts to such sick statements anymore is just too bizarre for words...fucking sheep!!

(UPDATE 12-2-2021)
Let i say it again, because so many people are shouting, buy bitcoin, invented by the mysterious Satoshi Nakamoto….read, Fake-amoto, that sounds a lot better because the symbolism tells exactly who owns the crypto bitcoin. The creators of bitcoin are the CIA because they had the technology for it, CIA falls under the Swiss octogon Templars. They created the Bitcoin for the Templer Banks, 13 is their number. Which is on the Bitcoin B = 13 (pulling the B apart makes 13) and ISIS also in the B with 2 stripes. The S is hidden in the B, and the 2 stripes through the B = 2 x i through the hidden S and represents their goddess ISIS. 13 is also the concept of 4 and 3, because B = 1 + 3 =4 ...4 is the square(the slaves) and 3 are the Rulers = the compass. The number 13 is also the number from the CIA 3+9+1=13...and there are more meanings of number 13 in freemasonry.
And btw, that goes for most crypto BS digital coins..the symbolism on them betrays to who the crypto belongs to, ...to those who created the BS crypto...so

if you want to screw yourself, buy bitcoin.or other crypto shit...anyway , and as I said before, the S is hidden in the B and together BS...a BullShit coin, to lure you in and get you used to digital nothing "money"

(UPDATE 24-12-2020)
How do I get rid of the conspiracy thinkers and unvaxxed? (if i were on the side of the evilfucks (whom i despise) First I infected a lot of people with a deadly vaxx and through the swap tests with something deadly intime, Second, than I say there is now a much more dangerous mutated corona virus and I limit even more freedoms for everyone, stricter lockdowns, curfew, etc.
Third, then I start the 3rd corona wave, because all of a sudden a lot of people actually die (the people who were infected through a vaxx and the swap tests) and then the trucks can start driving through the streets with piles of deaths.
Fourth, all the conspiracy thinkers who said that corona is a hoax and everything is a lie, I can now prove that they are life-threatening to the rest of the people who did follow the rules, because it is their fault that so many people are really dying now because they did not obey the rules by refuse the vaxx and because of their behavior the deadly virus was able to spread and could develop into a much more deadly virus
Fifth, so arrest those fucking unvaxxed and conspiracy thinkers! the people will demand, and I can lock them up in camps and institutions...Merry Christmas.

(UPDATE 21-12-2020)
Pfizer, doesn't work well for the elderly ?? so that basically says there will be soon different strengths in vaccines, double dose of crap for the oldies? plus the CV-19 has now also mutated, which is only the introduction that you will soon have to be vaccinated every year! with that nano junk RNA & synthetic DNA otherwise you may no longer go into a supermarket, no job etc etc and anyone with a big mouth, I'm not taking the vaxx! (just only the next step to take) is walking with an obedience mask in the supermarket, which is basically the same as having your vaxx injected, otherwise no food on the table. Let's see how strong you are with your principles. Lets see who is a fucking coward or a real Hero now...let see who else is a cowardly cocksucker ..you?

(UPDATE 29-11-2020)
The plague is not corona, but that a lot of people think they are much smarter than they actually are… suffering from some kind of,complete self-deception. A lot of those infantile people believe they are geniuses, and the others are too polite to tell them that they are fucking retarded, it's time to kick them back to their caves in the jungle where the rest of these idiots live

(UPDATE) 23-10-2020
Just an update for the mindfucked people if you have a mask on your face, your Neurotransmitters in your brain die from too much CO2 that you keep breathing again, your short memory is affected ... what was my phone no. Again? hahaha, keep rebreathing morons, then you will be even more stupid than you already were.

(UPDATE 06-10-2020)
"A computer virus can infect another PC via file transfers over the Internet or via floppy disks" programmed us at an early stage with the idea that the infection theory must be correct. The computer virus age was partly about programming the mindset of the masses with the thought: If computer viruses are contagious, so are the "real viruses". This brilliantly validated Louis Pasteur's (proven) fraud-based contamination theory, and prepared the masses for the idea of the anti-virus. It is not without reason that Bill Gates is now pumping hundreds of millions into the vaccine industry.

(UPDATE 02-10-2020)
Donald and Melania Trump “infected with coronavirus”, the sinking of the conspiracy thinkers fishing fleet has begun, all critical and reasoning thinkers will be cleared away and the people can be convinced through the next wave of propaganda that these conspiracy thinkers are a danger to society. So imprisonment in the camps, re-education or death is on the horizon. The real life soap that is colored by politicians-actors, media and alternative media that color your thoughts and imaging.

(UPDATE 01-10-2020)
Awesome, I scored my 5th BAN yesterday from one of the DLive streamers in their chat boxes, some streamers are very sensitive these days. They are pissed off themselves to be removed or censored on the internet, but they do the same if you say something in their eyes that hurts their very delicate soul. But with a straight back and with my head held high, I receive their BAN, which to me is the same as getting the Iron Cross for my brave heroic act...\o

"“Now remember, when things look bad and it looks like you’re not gonna make it, then you gotta get mean. I mean plumb, mad-dog mean. ‘Cause if you lose your head and you give up then you neither live nor win. That’s just the way it is.”" – Josey Wales

(My written English which is maybe not "perfect" but I try my best and it is hopefully good enough to understand my writings here)

UPDATE 25-6-2020 UPDATE
Chaz is controlled opposition with actors who symbolically depict the things you don't see and understand, to show you what slaves are without their NWO Masters, for example, a naked idiot imagining Adam, a garden, the garden of Eden, a negro king with one eye, in the land of the blind is 1 eye king, a drug warlord that keeps order ect ect. The Power behind the scenes that the slaves rule laugh at us with their sick humor. The Chaz shows the other slaves who see the Chaz that they can do nothing without their slave Masters, because everyone can see what a mess they make in the Chaz so that the rest gets discouraged from starting some sort of commune and self-sufficient. and will soon embrace the order that our Masters offer us...and everyone laughs at those idiots in the Chaz ... and that was exactly the purpose of the Chaz decor.

(UPDATE 09-7-2021)
The slave masses can no longer think logically; it can only absorb pre-chewed "truth". The rules regarding corona were somewhat relaxed, but are now being completely withdrawn because the terrible Delta virus is rapidly spreading because the unvaccinated are ticking mutation time bombs, a sort of walking contamination variant factories; life-threatening idiots who are now really starting to pose a great danger to everyone!

Those reckless, life-threatening unvaccinated people can still infect the vaccinated, because the vaccine only works against the normal corona variant, but of course not yet against the delta variant and, moreover, the virus can mutate into a new variant in these unvaccinated life-threatening madmen and then you really have a really big problem with terrible consequences for the population.
In short: we must hunt on these unvaccinated, because they are the great danger to the vaccinated good citizens who wanted to do so well and took the vaccine for their fellow man!

Now that those who are not vaccinated are suffering from the Delta virus and are also spreading it quickly, the governments can do nothing but close all festivals and introduce lockdown rules again in the places where you just had a nice time again with your friends and family. Everyone was allowed to drink and dance again, go to festivals and parties, and have fun everywhere again, also at holiday destinations... But, God damn it!!! because of those fucking unvaccinated motherfuckers they now enforce all the rules even stricter! They should lock them up! Get rid of them all!

So, and that is exactly what this sophisticated fascist propaganda is aiming at! .... the hunt can now be started on the unvaccinated... lock them up, open the camps!

(UPDATE 23-7-2021)
I really hope that the USA will not fall, because for the NWO is America their biggest prize ... if those bastards succeed to destroy America the rest of the world will fall by itself .... be strong people you are the last bastion of defence for the World, the last frontline. And fuck their "The new normal", because that leads to destruction and death and that is abnormal. But more importantly, we must all Unite and give pushback to the psychopath Powers who want to have everything and everyone under their control, otherwise it is too late and we all end up living in a kind of smart prison planet controlled by AI. Is that what we want? and If so, well then we don't deserve better because we let those power-crazed lunatics do their thing. And btw America, in the constitution states that you may have weapons to defend yourselves against your government if they turns against its own people, you are the only country with an legal armed population, but what do you do with those weapons? NOTHING, because you're all divided, and you're only just bragging about the awesome weapons you have in your houses, but you don't do anything with it...patriots?...just a bunch of cowerdly fagots, Land of the Brave? what a joke, No, Land of the Cowards, divided by fear, except that you are only killing each other with your weapons, (or blow your own head off with it) when the hunger games come in, etc...your slave masters just laughing their ass off.(wake the fucking fuck up!!) So what the fuck are you waiting for? all waiting for your lying mafia government to take your guns and the rights you have left to? to enslave you even more than you already were? If the American people would Unite, and overthrow their criminal government and bring those bastards to justice, then the world will change for the better, because then the rest of the house of cards of lies built by psychopaths, (who are now also engaged in genocide against humanity) will collapse...Worldwide

(UPDATE 29-3-2021)
for what it's worth...

Mandatory Vaccination, not mandatory: Resolution 2361/2021

https://tinyurl.com/dm535v5m (damn the PDF is removed 12-5-2021)

https://coronanews123.wordpress.com/2021/03/21/european-council-no-discrimination-against-the-unvaccinated/

https://pace.coe.int/en/files/29004/html in particular § 7.3 – 7.4 – and 7.5.2

The European Court has ruled on the ban on compulsory vaccination

Any vaccination obligation is now illegal by default. 27-01-2021 in resolution 2361/2021, among other things that no one can be vaccinated against his will under pressure.

The 47 Member States are requested to state before vaccination that vaccination is not mandatory and that unvaccinated people should not be discriminated against.

Discrimination is also expressly prohibited in case of existing health risks or if a person does not wish to be vaccinated.

Vaccine manufacturers are required to publish all vaccine safety information. (note: unfortunately still not responsible for the consequences)

With this resolution, the largest human rights organization in Europe has now set standards and obligations, as well as guidelines under international law, to be applied by all 47 member states, including the EU as an organization.

Discrimination, for example in the workplace or travel bans for unvaccinated people, is therefore legally excluded.

In any legal proceeding, against any authority, any employer, any travel provider, any household manager, etc., this document is valid

BUT: ..this document is a joke in my eyes if you ensure exclusion through a vaccine passport, you don't have to make it mandatory. Then people have the choice not to take a vaccine and thus you accept the consequences of exclusion..so, not compulsory vaccination = exclusion (read: fascism)

We're fucked

(UPDATE: 17-5-2021)

How do you get rid of those Freemasons and close their lodges or ban it altogether? Well, if I read their rules, they actually indicate that they are a racist movement:

“”Wilmshurst declares: "The true candidate must indeed needs be... a 'white man'.... American blacks have been, in general, excluded from Masonic membership." However, there is a group of Negro Masons known as Prince Hall Masonry, but Jim Shaw remarks: There is a Negro Masonic system, called the Prince Hall Lodge, but IT IS NOT ASSOCIATED IN ANY WAY with "white" Freemasonry. It is referred to as "clandestine" Masonry, and it is considered by the rest of Masonry to be a spurious, illegitimate imitation””

These two ^Freemasons just admit it, and that is nowadays prohibited, therefore punishable… Discrimination is prohibited by law and is punishable. To discriminate against someone is to harm someone ... so arrest these racists fucks and closedown all those Masonic Lodges they have .....next case

(UPDATE 19-5-2021)
The enemy is now even worse than in the 1940s /45, because in those times the people still wanted to offer jews a shelter from the fascist raids of the Nazis. But in the upcoming Nazi 2.0 raids on the vaccine refusers, everyone will be betraying the unvaccinated, because the "new Jew" is contagious; and you don't want to protect them, but rather betray them as soon as possible! Just incase you might catch a mutated virus from such an unvaccinated! Because as long as not everyone accepts the needle, the story will be spun that the vaccines do not work against mutations and (of course) that those mutations occur in unvaccinated people. So we are entering an extremely fascist era and that is not an extreme thought, but a statement of the facts. Only when people start to see that the whole contagion story is a fucking lie, then the house of cards of lies will collapse...spread the word!

(UPDATE 13 jun 2025)

So I just got back from the world from the other side (where I was for an hour again....my world where none of you can come, my inaccessible world for you all) and i was 427000 years further to watch how the 6th race of humanity will come to earth and eventually shall destroy the 5th race of humanity...at the end of the kali-yuga cycle they will come (of which now only 5000 years have passed) with the power of spirit the greatest power in the universe and that power of mind (Mash Mak..named by the 4th race the atlanteans) that will destroy all your black souls and what is chiseled into everyone's brains by all the lies you have learned as "truth" etc etc..they will come here through our bodies and will develop their own body and strong spiritual power ascent helped by a root manu and then the seed manu, in time, ..who will also come to help the new race of mankind to rise and that will lead to the downfall of the 5th race. So there will come a time when there will be 2 human mainraces on earth (which will be divided into 7 subraces in time just like the 5th is divided into 7 subraces) and the 5th will have to make way for the 6th race by destroying the 5th eventually (just what we did with the Atlantians)...wipe them out) because there will be no more room for them and lies and bs etc..But, I am just a forerunner of them who also tried to pull the dead horse here (just like buddha Gautama tried, and who came to teach everyone that everything is an illusion here and failed... just like jesus and many more who tried it) I am just one of them, a forerunner from the 6th,(but, eventually ALL of you from the 5th race, will reincarnate into the 6th race, if your mental capacity is high enough""spirit is dust and dust is spirit cycle"" so I'm really not more special than the rest of you, just a forrunner ey)
who also tried it..but i'm "only" a chela..and still not a adept or higher. So I have to do it here myself, because the rest, higher ones than me have withdrawn from the visible field... because it is lost, caused by the evil forces, and higher ones, will only enter the visible field again and not hide outside it anymore..like me now on the visible field, but they will only come again at the end of this century...but, only for a short time and then they will also FAIL again and withdraw from the visible field again, because humanity has fallen into the attraction of all that evil shit and their souls have become black and comatose and they have all degenerated into a kind of dumb infantile psychiatric patients and cannot be cured. Anyway it is what it is...and, I do don't have the spirit power of mash-mak here...because I am also in a body like you and therefore cannot use that spirit power here...only on the other side...yea, and I have also failed here, because the evil force is now way too strong for me...we are just only with a few left here who still try to turn it around all that evil shit...anyways...i'm here on earth just for a short while..and not here for much longer. So, i'm burning up all my prana fast now...and i don't give a flying fuck

anymore...for all i care the whole world can explode with all of you on it...anyways no one has to believe what i say here .because the real-truth people won't even believe here, otherwise their world of lies and bullshit, which they all cherish and love by their desires...their kama, will collapse, also because they can't handle it, real truth...because it's tuff as fuck and everything is different than what you think it is, everything. Anyway, i don't really give a fuck anymore ...and my next goal is after my dead, is to stay away out this world of bullshit for at least 400,000 years before I ever come back here again....so have a nice day ey ;-) ...or not on friday the 13th..i don't fucking care (btw ....and some more about this in my blog Transhuman from july 2020) ....mec ;-)

Continued from justmec

A further addition (continuation of what I wrote about it earlier on the left) about Templars and how the Freemasons were brought forth from them, because you can get a false impression of how I feel about them, because there are many "truths" and that does not mean that I accept them or believe in it wholeheartedly. I'm just a human who also seeks truth in a world of bullshit and wants to increase my knowledge and want to help others, but often get pinned to things I say or write as if they were my beliefs. I would like to mention Dr. Sean Hross his videos and comments about his Templars researching, because many things are quite correct, but also many things that he has no idea of, and if he did, many of his research would fall apart because he has not completed the puzzle, because he has no real occult knowledge....(what i have.) But he just has lot goodwill from me because I am allways looking for loose puzzle pieces,..the hidden occult quarters that you don't immediately see.

I can remember a story Blavatsky wrote about the Knights Templars. It boiled down to the fact that the real secret knowledge and ideas were ended together with the death of the real Templars and that this did not pass over to Freemasonry. In fact, Freemasons have a false history about where their rites come from (these are purely Judeo-Christian), but it is also a lie that their own origins and their teachings also are/lie with the ancient Templars. The Templars were accused of anti-Christianity and great stories arose about their unchristian rites and their heretical beliefs, which they did hold. Later on, the "name" of the ancient Templars was conveniently restored to "former" by turning them into "devout Christians" within the history booklets and stating that their ideas were purely "Christian",in other words, "conforming" to the Catholic Church, and that they were falsely burned through lies and accusations the Church made against them. That is far from true! They were indeed anti-Christian and indeed held rites that were held to be unacceptable to the church. They had secret knowledge from the east and the old world, high occult knowledge it turned out. They were very guilty to the church at the time. But the same thing the church said at the time about anything that was inconsistent with their own mismanagement. The myth that rightly arose around the ancient Templars was later ironed out so that no one would think that they had even an ounce of high occult knowledge.

Later a new order of "Knights Templar" was established, the Knights Hospitaller or the Maltese Order, supposedly an order that followed in the footsteps of the ancient Templars, but this was done by Jesuits in the service of the Jesuits. The Order was not at all pursuing the old things of the real Templars and they had / have no high old "occult knowledge" at all. Pure crap. They do not even know that they are not even in control or who their true "masters" actually are. That is also the case with the Freemasons. Everything revolves around power and money, but they really don't carry real knowledge, which I don't think is worth mentioning. And Blavatsky has more or less certainly confirmed this in other words.

Now don't think that I see everything that Blavatsky wrote as a "only truth", no, certainly not. I would like to emphasize that clearly. But she did write with knowledge, a lot of knowledge and even logic. We see that at that time all history was initially written by "Christians" and in that case often also by Jesuits. In fact, Blavatsky's words show, the freemasons are a playball thing of the Jesuits, although much may have changed since Blavatsky's time, of course. She was / is now also been blackened and demonized, a nazi, a new ager and whatever more, because the Theosophical societies of today operate very unscientifically and have been new aged enormously, Those guys are also

drifted far, far from the original Theosophy (which the old Theosophical Society certainly did not like) because of the splits that arose in the societys, and de trouble's arose there. I can still write more about this, but leave it here for now, and I think it is just healthy to pick out what we can use, and just have a good sense of what conforms to our own sincere insights.

(UPDATE 30-4-2021)
The controlled opposition is at work (based on the infection lie) but now with the idea that the protein produced by mRNA can survive outside the body and be contagious through the skin or breath of vaccinated people ... it's pure bullshit. Don't fall for it or be fooled into the false doubles of fake opposition! These traitors are there to sink the safety net, ..in which they lure you in, to finally break the last resistance to vaccinations.
If the Elite wanted to kill everyone, they could have for example, spread a lung fungus, or some other way to kill us all, ways enough to quickly kill the world's population in 1 to 2 months ... but the Elite themselves dies too, so why a vaccination? that is contagious to people without a vaccination? then the Elite itself is also doomed ... so the shedding story is only to sow division that everyone is afraid of each other and not united against the Elite (Do you really think for example, that King Willem Alexsander goes to a theater that is full of contagious vaccinated people?..noway, never, but he did go there, together with his elite friends, because shedding is BS)... it turns out that the "'awakened" also do not reason and assume everything without thinking ...pff fuck! Btw, the Boss of Pfizer says himself .. I do not take a vaccination .. but in their documents is written that shedding story .. what a joke

(UPDATE 01-5-2021)
Btw, although the European Parliament has passed a statement that vaccinations will not be mandatory (see UPDATE 29-3-2021 above) is it now important to see what is going on. Actually, you should read; Governments are not yet, going to make vaccinations mandatory, because they will come up with "evidence" from virologists (read: state propaganda scientists) in the near future...next year? this year? with "evidence" that the coronavirus will always continue to mutate...and that the coronavirus mainly mutates in unvaccinated people.
So the concentration camps can then be filled with unvaccinated and conspiracy anti-vaxx people...and your vaccinated neighbors, friends, and even your family are going to betray you for being a threat to them...Nazism 2.0

(UPDATE 14-6-2021)
Almost all of the alternative media (controlled opposition) is currently dragging the masses into the spike protein story. Funny, the spike protein story actually reinforces the coronavirus contagion lie. But again, if the alternative media scares you about the spike protein (the same alternative media that perpetuate the contamination lie), then they are actually building on that same basic lie. Just as a virus does not function outside the body nor can it blow over or infect you or get into your body through touch, this also applies to the spike protein. It's a misguided trail that will be burned down as fake news, but in the meantime it does reinforce the contagion idea. The term spike protein refers to the spikes that are visible on the Photoshop images. The fact that the coronavirus has never been made visible in a blood sample from a patient with an electron microscope according to the official method (but that too can possibly be faked Hollywood style), is because it has never been isolated. However, the spike protein is no more contagious than a virus itself https://www.drrobertyoung.com/post/cdc-now-admits-no-gold-standard-for-the-isolation-for-any-virus the CDC itself admits not to have isolated the virus ..what a joke

(UPDATE 24-6-2021)
Louis Pasteur, the creator of the contagion theory, turned out to be a fucking fraud after publishing his private records by a grandchild. The contamination theory he launched was debunked by himself before his death, admitting that it was environmental pollution that led to illness and not contamination. That contagion lie is perpetuated to this day by science, pharmacy and politics, because it is not only a big cash cow, but also offers the possibility to make people dependent on those bastards. Their help comes in the form of a vaccine

needle that ensures that we, as computers and devices, end up in a network. However, with the advent of programmable vaccines (where mRNA should actually be called CRISPR technology https://newatlas.com/crispr-cell-computer/59336 CRISPR used to build dual-core computers inside human cells (2019), that interconnection is changing. Humans will be programmable from 'the cloud' and with the advent of Brain Computer Interfaces (BCIs) such as Elon Musk's company Neuralink builds or with the latest technology described here in the British newspaper The Guardian, https://www.theguardian.com/science/neurophilosophy/2015/mar/24/remote-control-brain-activity-nanoparticles we are rapidly becoming part of the internet of things. Although remote control of the brain still requires the injection of nano-particles (see the Guardian link), changing the code of life remotely from the cloud is already possible after the administration of vaccines. So you will have to get that Jab every year because your body will remove the CRIPR enzyme from/out your body because everything that is foreign and unrecognizable, your immune system will defend against it otherwise you are no longer compatible with the IOT...so roll up your sleeve every year for your CRIPR shot (in a nutshell... the nano mRNA is to trace your DNA and then dump the CRISP packet there) ....25-6-2021 ... one more addition to my update of what I said in my chat https://www.msn.com/nl-nl/nieuws/buitenland/mogelijk-om-het-jaar-vaccinbooster-nodig/ar-AALoWcC (so what i said in my last update is coming)
""GENEVA (Reuters) - The World Health Organization (WHO) thinks that vaccinated people may need a 'booster shot' every two years to maintain their protection against the coronavirus and its variants. For vulnerable groups, such as the elderly, this could be necessary every year. In the worst-case scenario, that would apply to the entire population.(translated from the link ^^) ""
So what i said in my update...,is that you need every year fresh CRISP enzyme, needed in your body to remain well programmable. CRISPR is needed to cut and paste into your DNA..for a example, to erase your memory and replace it with others..etc etc...they can really do anything with it. Actually, the people who took the vaxx, is the first step to become a Human bio computer.

(UPDATE 07-7-2021) I was triggered by a link from DutchinChains in her chat which also made me think about what I was reading. Because the whole mRNA, what your DNA being changed by CRISPR, is put away as a sort of big hoax now, (and we're already looking so deep into the abyss through all the shit they poured out on everyone by the fear they sow and have paralyzed most of us) ...just like, for example, other big lies that we have belieft in like, been on the moon and more big lies etc etc. Because it is now also discovered and claimed that there is no mRNA in the killshot at all but graphene oxide.what btw is also

killing people, ...anyway, it's become all more and more complicated https://www.orwell.city/2021/07/graphene-oxide.html
""and nothing related to DNA as we initially thought.""..then I think hmm, as if it has nothing to do with your DNA? which also says that actually the mRNA doesn't deliver its CRISP package to change your DNA and that's not in line with what I know and researched about it... you find enough info about what they want to do with your DNA...so is that all fake than? I don't think so, because their main goal is Transhumanism. They want to build their own humans to play for god themselves and the divine humans will become destroyed, and they can't do that without mRNA interfering in the divine human DNA.

https://live.ahava528.com/view/?v=7208&channelName=Justmec&lang=zh_Hant_TW&lang=en_US
But, we must be remain skeptical, because they also want to mislead the unvaxxed, to later serve them off as dangerous madmen (i need more proof) because, the alternative media (controlled) independent opposition cannot be trusted. How do you control the opposition? ...by leading it yourself

https://www.orwell.city/2021/07/NAC-glutathione.html

https://www.orwell.city/2021/06/ricardo-delgado-graphene.html
""Nicotine increases myeloperoxidase production. Therefore, it also degrades graphene."" so, that's is why they want you stop smoking..I always knew (since I was 8) that smoking is good for me hahaha ...anyway, we live in a fake reality that is built by the hidden Rulers to stay in power, in which they have made people believe in, as his reality that you take as true because you don't know any better from when you was born...(I also have to thank DutchinChains, because she came up with that graphene oxide)

https://www.henrymakow.com/2021/06/covid-vaccine-delivers-nanoparticles.html And another link from DutchinChains that supports the theory... https://www.orwell.city/2021/07/graphene-oxide-5G-COVID-19.html?m=1

But my other thoughts(just a swift brainfart), on that the covid vaccinations mainly consist of graphene oxide, to thin out humanity, is a not very logical method for mass genocide. Because it takes the evil bastards quite a lot of effort to implement, first you have to convince all of them to believe in the covid lie etc and than what's more needed involved in running it to achieve their goals ...what a job. There are plenty of simple other ways to do it quickly and efficiently. For example, let a military lung fungus escape from a lab and 2

months later everyone is dead worldwide. The "chosen one" going deep underground in their Dumps, to hide and wait it out there, until the lung fungus can no longer make victims anymore and then dies out itself because the guest is dead through whom the lung fungus could reproduce to stay self alive...So actually, I don't believe much of that graphene oxidy story(I remain skeptical, what doesn't mean there's absolute no graphene oxide in the jab because of an electromagnetic field which is also necessary)..but, when I look at their main goal, and that is to lead us to Transhumanism, and that is not attainable without mRNA what must track your DNA to deliver the CRISPR enzyme to change your DNA,(it's all about the CRISPR). Oo, and now they are going to tell everyone that the spike protein is the graphene oxide, hahaha, but the spike protein was only served to keep the virus Lie alive and to sow division between vaxxed people and unvaxxed. And btw, graphene hardly mixes with any other substance and should give the vaxx a blackish color...plus, is your graphene pencil magnetic? No....uhh, I'll stop for now, the update is getting way too long..but time and research will tell us more.

(UPDATE 31-8-2021)
I'm in doubt to write a blog that explains why you are here now on earth and why you have to go through all this misery, but is a hell of a job to explain that easily understandable...or i tell it in my shitty english in a stream to a live streamer..but am not sure what to do yet..i promise nothing for now.. I'm sick of all the shit everyone gets pushed into. Everyone is weighed now, and if you are weighed too lightly you will not be able to pass through the "door", to a more spiritualized new human race (the 6th human race) that will rule on earth in the future in which you will continue to reincarnate and evolve further spiritually and your body will be much less material..the age of the power of the human spirit/mind where is no more room for lies and greedy desires ;-) And our/your sick psychopathic parasitic Rulers shit in their pants for that and are now doing everything they can to prevent that for what is coming in the future, togheter with all their traitors, frontman and other lowly rats who have sold their souls to them and think that they are "save" by siding and helping the oppressive Rulers. But the sick fucks won't be able to stop it despite the help from all their technology what should help oppress people even more, but no chance, because everything is periodic..just like the universe
Anyway, the choice is yours, everyone follows his own path. the big shift has begun....the great reward waiting for you behind that door, is priceless and beyond your imagination

(Little UPDATE 05-12-2021)
Only if you want to turn lies into truth then you need a law for that. And that's the core business of politics.... selling lies.
Evil is just an fucking illusion that is only perpetuated by the fear and ignorance of the victims, as soon as the knowledge/awareness difference between victim and perpetrator is equalized the perpetrator can make nothing (besides everyday violence of course, physical control, but no mind). control) .....I'm sick of all those motherfuckers who think they can keep humanity in a spiral of misery forever

(little UPDATE 4 jan 2022)
https://wissenschafftplus.de/cms/de/wichtige-texte
dr. Stefan Lanka won a long-standing lawsuit over the existence of the so-called measles virus in 2016, in which the highest German court annulled the so-called evidence. The opposing party came up with 6 studies, all without success. As a result, since 2016, the scientific basis for virology as a whole has in fact come to a historic end. The won lawsuite is also part of German case law. But for insane reasons, scientific fraud is not part of the criminal law and virology has been following the erroneous protocol for 67 years. dr. Stefan Lanka has long proven that 'corona' also has no scientific basis.... well, again, you can only get the "virus" if someone introduces it to you through an injection or PCR test.
Here's a encouraging link if you think: maybe I should take a jab after all, to get rid of all the bullshit and get my "old life" back.... No, you'll never get that again https://data-matter.tvwfc.co.uk/videochannel/pv/craigpaardekooper Deadly bath numbers vaccines,

(UPDATE 27-4-2022)
Today was kings day in the Netherlands, ...hilarious, our king shook hands with all vaccinated/boosted people all day and then also ate homemade cake from a vaxxed woman (with his contaminated spike protein hands from the vaxxed without first (very important :p) washing his hands from the vaxxed with their infectious spike protein on their hands .. and also their contageous breath which they breathe into the king's face,.. haha) and he ate more other homemade food from vaxxed/boosted people...so unvaxxed/pureblods, keep believing that the spike protein of vaxxed/boosted people is dangerous for non-vaxxed people..hahaha, you stupid idiots. In other words, again proof that all the vids about contagious vaccinees and their booster vaccines in their bodies,

are infact not contagious to the unvaccinated, otherwise the Elite wouldn't show up on the street and do what they feel like. The main purpose of all those "infectious spike protein vaccine bullshit stories" is to set up the vaxxed against the unvaxxed...division rules...with the ultimate goal of vaccinating everyone with that shit.
An impression of King's Day..lots more other videos on YT btw, https://www.youtube.com/watch?v=PMQKpa_tXnM ..watch at 1:43:45 ..where he is going to eat cake...hahaha ...and the rest of the royal family also has clammy hands from shaking hands.

(UPDATE 11-5-2022)
Why is that piece of shit Elon Musk talking about that synthetic mRNA that it makes you younger or stops your aging process etc? Then why don't his old wrinkled Masters use it as first? ...or do they just want that only the slaves look good? fuckers!!! hahaha
It sounds like the anti wrinkle commercials, where you see a young chick (without wrinkles) who puts wrinkle cream on her face and say: I use it because I want to grow old nicely...huh? I don't know anyone who has aged nicely...whatever the fuck they have put on their face, or how many facelifts they've had. When they are old I just see only old wrinkled mummies walking. Take a look at George Soros, or that old Rothschild fuck etc or that old Rockefeller creep David, who is dead now(luckily) he was terrifying to see when he was a old fuck, he looked like an old vampire with very severe anemia when he was alive hahaha...So, all those old power horny crazy psychopaths, who think the world is theirs, need a synthetic mRNA shot right away (at least 10 shots :p) and they are also then immediately well protected against their own covaid bullshit lies and their aging process then stops...death by blood clots.

(UPDATE 30-7-2022)
Just some common sense, I'm getting more and more annoyed at the farmers with their so-called rebellion against the Government that wants to demolish their farms, all their demonstrations will lead to nothing, and will only play into the hands of the evil fucks. The only thing all the farmers have to do is just stop selling their products to the corporations, by simply refusing them to buy food from the farm (you are not obligated to sell to them) and just do it themselves, and just sell their grown food to everyone on their own farms. Do you want to eat? then you go to the farm and buy your potatoes, vegetables, milk, butter, etc. from the farmer, and it will also be a lot cheaper. In fact, the corporations do exactly the same, they just buy it from the farmer...where else? and then transport it to the supermarket where you have to pay 10x as much for it. If the Corporations are no longer allowed to buy food from the farmer, the

supermarket will soon be empty and together with the Corporations they will soon be bankrupt...and their power over the slavish people will soon disappear....I keep it short, because it is not higher math what i am saying here, ..it's all that simple, ...so fuck the Corporations and their vassals whores, and the farmers can just keep growing their food for everyone....(and also those rats from the government have to buy their meat, milk, potatoes, etc. from the farmer themselves, otherwise they have to go to bed with an empty stomach :p). it's a shame that those stupid farmers can't come up with this themselves...pfff...and the farmers just keep on complaining and protesting against the state, but every early morning the trucks from the corporations drive into their farmyards to pick up their grown food... what a joke
And watch this video for example... see what I mean?... it's pointless

(UPDATE 02-8-2022)
I had today provided a "wake-up moment" among the vaccinated. I was at the bakery where it was very busy, and I ordered 2x half a loaf, but the seller said: sorry we don't have those anymore only whole loaves..ok I said, give me 2x a whole loaf, I'll will stuff them in my freezer because I'm already suffering from a apocalypse syndrome since my childhood. I even went to the doctor for it, but he told me it was untreatable. Actually just like covaid, that is also untreatable, first they give you 2 shots, and then suddenly it turns out that it doesn't help, so a third shot, and later you can have your 4th and later your 5th, 6th injected, so basically that says covaid is as untreatable as my apocalypse syndrome. Suddenly all the vaccinated people laughed and ... agreed with me ... hahaha, Then I walk out of the bakery and everyone, hey, have a nice day man, Yo thanks ;-) (hehehe I thought), I just got their souls out of his coma...for as long as it may last...but not for long I'm afraid, but wtf, every little bit helps, and it shows once again that with the right psychology you can get people on your side in 45 sec...and no evil fucker and their AI can compete with that (their AI that supposedly has self consciousness? it's nothing more than a fucking Chip, what a joke)...it's all power of the mind.
(And for just in case anyone doesn't know what a apocalypse syndrome means, is for me in my case, that I'm always "afraid" that I don't have enough food in tha house, so all the cupboards, cabinets, shelves on the wall, and my fridge and freezer are overflowing with food...for in case that the shit hits the fan)

(UPDATE 1 Nov 2022)
Well, how do we get rid of that evil scum? Just chopping their heads off isn't enough, more importantly we must destroy all their hidden knowledge/and evil

knowledge, all their books and bloodline shit etc etc. With which they raise and mindfuck their own offspring every time to teach them how to suppress the rest of humanity in order to keep power over the stupid people. If you don't, then all the problems with that scum will resurface over time, chopping their heads off isn't enough, so you'll have to eradicate it with root and branch. So we must destroy all their history and institutions, education schools for their children etc etc and importantly also, all their historic castles and mansions and all the rest of their grotesque madness what they have built to impress the people with their might over us. Also all their symbolism, and statues, their Art, their flags and all other shit where they honor their ancestors' with, their sick bloodlines, to remember from what evil nest they came from, who were also as evil as fuck.. So it's about time to destroy all their historical shit, their books, their symbolisme etc, same what they did to us, to keep in power over the rest of humanity, they destroy our knowledge every 100 years so you/we don't have an origin. Of course I could devote a whole blog to this but I don't feel like it, think about it more deeply for yourself....I'm sick of all the bullshit

(UPDATE 13-12-2022)
https://www.youtube.com/watch?v=bKqYiVkBZWI Clawfinger - I Close My Eyes. 90% of people can't imagine how evil others can be because they only rely on their own thoughts and think they are smarter than theire neighbors. So they will have to experience for themselves what it is like to live in a total dictatorial hell where you even have to justify yourself for wanting to wipe your ass after the diarrhea from gmo shit and insect porridge that you eat every day, and that's your prospect, living in a digiHell, total control, if you manage to survive all the BS because they want a 90% reduction of humanity. And the "good" news is that you only have a 10% chance of surviving all the shit, or participating in that digihell, so to surviving all the misery that's being poured out on everyone with buckets full of evil shit to make sure you don't own anything, shall eventually forces you to participate anyway whether you're "awake" or not. In fact, the "awake" are now a kind of deadman walking who do their utmost to survive not to participate in their digiHell crap, but at the end of the survival ride will be "rewarded" in their digiHell where you did not want to participate in. Because no one is doing anything to turn the tide, other than only respond to all the BS the evilfuckers are throwing at you. so you end up participating anyway, because otherwise you can't do anything anymore, no money no food etc etc because otherwise you have to survive outside their new evil sick system until you die...can you handle that? ..and what are we/you going to do about it?...wait until you run out of food because you can't enter the store anymore etc? ...pfff people can't even live without their smartassPhone. ...but, Merry Christmas in advance, bunch of infants, because

every day must be more fun than the day before for everybody, or you infantiles will be unhappy, and that's the only thing that really counts for everyone...puke. But, there is a way out, the only option we have is to fight those bastards, kill them ... but they have also cleverly undermined that thought, because they are very afraid for that Just like they put the 10 commandments in the bible, 1 of which says, for example: Thou shalt not kill...yep, that commandment is there for everyone to comply with, just to be sure so that you don't kill THEM, the Rulers and their club. They got the 10 commandments from the Egyptian book: The book of the dead, where they had put 44 of those commandments and reduced them to 10 in that fcking bible. If everyone kills those bastards it will soon be over with their sick devilish evil practices to make the world a hell for everyone and oppress us, so that they can live a wonderful life and you don't kill them because Thou shalt not kill...but apparently they kill everyone if you revolt and don't do what they say...you doesn't belong to their club so they don't give a fuck about you and they will kill you if you are a threat

(UPDATE 04-3-2023)
Well, my dear friends, start thinking a little more, about your own death that is not far from us, because 95% will join that digihell because of their fear and thats becomes our downfall, for the most of us, so our group that will not participate will not eat etc..and most of us won't survive that. (read my blog for more on this "The Cell Phone Poisoning of Our World") We are now actually a kind of terminal "cancer" patients, but most of us don't realize that yet..I can't make it prettier, it is what it is...but NO FEAR...fuck 'em...bastards!!
I hope I'm wrong, but it doesn't look very positive that things will get "right" again...so I have very little hope that we will see that in our lifetime...Much love my friends and strength for what is to come for us ;-) By the way, what strikes me more and more when I look into the eyes of jabbed people, I see more and more of a faded look in their eyes, a dull appearance, glassy, empty, no longer clear eyes anymore..... which I also saw in seriously ill cancer patients in the hospital their eyes where dull, some kind of omen, and therefore they do not have long to live anymore...also I saw it in the eyes of my very sick (not vaxxed sweet wife) dear girl/my wife, in her eyes, which were also dull and glassy in the last month of her life, by cancer that has consumed all her life energy,.. who passed away on February 28, 2023 at 7:15 PM and I buried her yesterday March 3, 2023…terrible what a loss...RIP my sweet baby. my everything, love of my live, who was always there for me, and because of her I have become a better person than I was before. https://alive528.com/video/24143/wojciech-kilar---love-remembered wojciech-kilar - Love Remembered ❤ 💔 ❤

(Update 13-7-2023)
""To satisfy a desire is like drinking salt water that will never quench thirst, but will increase it. It is like trying to extinguish a fire with gasoline"". ..
https://www.gita-society.com/gita-in-english-chapter2/ no one can destroy the imperishable Spirit
Anyway, I already turned the Bhagavad-gita inside out 13 years ago ... very instructive
But the hilarious thing is that the Buddha Gautama, who came to Earth to make people aware that everything is an illusion (in which he failed because people are too stupid)..and on the other hand there is called to fight,in the Bhagavad-gita... you MUST fight!..to maintain the illusion between good and evil?...Fight? ..I MUST? lol ..I HAVE TO do Nothing at all, because it's an fucking illusion here, on a planet named Earth....a mental asylum, loaded with psychopathic Bullshit, anchored in the Earth where in all the Bullshit roots in...where you can go fuck yourself with it.
And as long as you are a blind dumb deranged lunatic, you will be sent back to insane asylum Earth (reincarnation they call it). Only when you have become aware of it,..that it is an illusion here...then you don't have to come back/reincarnate here...unbelievable how moronic insane you have to be here, that you also can be sent to an insane asylum facility here, on the insane asylum planet Earth, which is already an open establishment for all insane lunatics
Pfff anyways, Rulers only have "power" in an illusion, (maya) and who have mainly ensured that you have to live in fear so that you no longer think and can be fooled with everything they want. They now also put a digital illusion with insane madness over it to pull you in, an illusion within the illusion.. just to be sure. Yes, technical shit could make it a bit sicker than sick, so why not hahaha.
It was a noble endeavor that Gautama did, reincarnating back to shithole Earth, which he did of his own free will, out of compassion to give humanity a push in the right direction to awaken humanity, but unfortunately the already infantile moronic humanity could no longer be saved, their lust for power, greed and sick desires had become their only occupation. Even Jesus, you can also throw under that name, which what Gautama also tried to do, Jesus also tried to pull

that dead horse, hoping that it might have some life in it after all, but had to pay for it with his own death...because the difference between Jesus and Gautama was, that Jesus called the people up to be a fisherman...so fight! ((which is pointless in an illusion, because that's how you maintain the illusion)) and what if the fish become aware not to bite in the hook anymore? then ALL the fishermen will become powerless, and will disappear...didn't he see that? because, as long as you're tempted to bite the hook or want to be a fisherman, you're playing the game in it. Okay, I'll stop ranting now :p because it's actually pointless to say in an illusion that everyone believes in and maintains...by being blind, deaf and retarded dumb and wanting to stay that way so that nothing will change and everyone will keep spinning in, over and over and over and over and over again, in the illusion, just as long as it takes until you become aware of it...but keep up staying to stick your head in your own ass hole, maybe you'll find your salvation there.

(little update 29-8-2024)
Funny that those evlfucks think karma cant touch them by first telling everyone what they are planning, so you will do it yourself if you believe in THEIR psychopathic ideas. Only THEY forget that their evil thoughts also have the same karmic effect on THEM than that you actually do it. THEY even prove it now without realizing it, with for example with their Minority Report program which they now want to roll out in Argentina, where your thoughts are condemned... pre-crime... karma. So karma will for sure will hit also THEIR sickevil spirits .by their sick thoughts..the whole universe is karmic and everything works in the same way, in the big and in the small...and everything you think is recorded in the spirit matter universe and causes a vibration that will return to the causer as an effect....cause - effect =karma
^ ^So..just quickly explained in a nutshell, because it goes much, much deeper..so watchout for what you think, because karma is a bitch ;-).

(mini UPDATE 10-july 2025)

Brute Force

The Algorithm - Overclock
https://www.youtube.com/watch?v=QwgI1Q-jTeU
A track from The Algorithm - Brute Force album. Which is a nice song to put on your smartass spyphone and play it loud and it will make it easier for you to pimp up your fuckt-up sub-human behaviour level to be more aggressive while beating other people or smashing their skull in on the street, or while looting and kicking and destroying everything you encounter.Or to rape your own children and then beat the crap out of theme and then throw them out through the windows. I myself have the intention to slaughter all my neighbors with this song and kick their dog to death and then set their houses on fire. Is this perhaps too shocking for you? No folks get used to it... welcome to the New Abnormal ;-)

But Seriously, this is exactly what the Ruling Powers wanted to achieve with their divide and conquer game, that the infantile stupid mindfuckt slaves fly each other to the throat, for example by riots created by your slave masters, who only serve as distractions so they can roll out their digital hell without resistance and take away all your rights that were left to you, because everyone was too busy with their bullshit deceptions. Those bastards in power who are out of sight and behind all these misery don't give a fuck about you. They laugh about it even more and rubbing in their hands watching the images on the TV and the internet.
They create all the problems themselves and then wait for the reaction of the

people to solve then the self-created problem, the solution, And everyone is happy again, even when there has fall millions of deaths and with their solution they take always more of your rights away from you, to enslave you even more...while playing their favorite song Ordo ab Chao

The created chaos of black vs white, faith vs faith, young vs old, right vs left, thin vs fat, state vs state, country vs country, unemployed vs employed, vaccinated vs unvaccinated, etc, governments that are collapsing, hunger and diseases and whatever misery else you can think of, will soon be so great that the people will beg on his knees for order. And in order to provide that safety, everyone will embrace the NWO for that safety, you also accept your vaccinations, chip tatoo and all other shit. You will also then accept the 24/7 digital prison controlled by artificial intelligence, it is for your safety, lofted in the smart city, fed with GMO and chemical shit which is prepared for you in a factory. and you are all vaccinated with CRISPR-CAS 9 and 12 enzyme that offers search-and-replace possibilities to modify human DNA to makes it possible to edit and manage the people from the cloud. The ultimate goal is complete, fusion with AI.

For just in case it goes wrong by vaccinating everyone, and turning them into some kind of zombies, they have set up some kind of zombie teams a while back. The U.S. Government's Zombie Apocalypse Plan. The US, CONNOP 8888 has already been put in place, for when soulless zombies wander after the massive vaccinations in case the soul cannot take a seat anymore in the human body due to the vaccine. Btw, most people were already lifeless zombies, easily recognizable by a diaper (mask) over their mouth and nose and walking around with their soul in a kind of coma...dumbfucks. Vaccinations are also a kind of genocide to thin out the herd....softkill
https://www.youtube.com/watch?v=rAFCrfdIFyg Zombie teams

And all those fantasy stories about, “we are going to set up our own community or country” are doomed to failure...dream On. Because that is not allowed, you are not allowed to live in areas outside the corridors that are intended for you, there is no country for you, they no longer exist, only corridors...
https://alive528.com/video/26216/agenda-21-30-is-the-blueprint-for-world-control so also to flee is pointless because Elon Musk has stationed the skies full of high bandwidth satellites for bringing humanity online. What a global program has been driven by UN WHO WEF club of Rome and Bilderbergers and vassals (like Bill Gates) and vassal governments and their propaganda media, etc So there is no escaping it. By the way, the WEF is now playing a sort role of world government for the NWO, with that nazi Klaus Schwab at the helm who

can play president of the world.. apparently no one realizes that. Btw, and these sick evil fuckers also try to tell you that "you'll be happy by owning nothing"..fine, but let's start than first with Klaus Analschwab himself and also the rest of all those evil power-hungry psychopaths with their ridiculous wealth, to take everything from them first, so that they may also be happy, because so much wealth must make them deeply unhappy....(maybe that explains their deep hatred against the rest of humanity.) ...and after first dividing and keeping us divided for centuries, they now also want us all to live together, peacefully and united, in their smartass hell cities, what a fuckingjoke, but let all those evilfuckers themselves go live there united, if it is all so convenient to have everything you need within walking distance. Anyways, don't let you be tempted to live in those smart cities, because they are high-tech concentration camps...your prison.

The start of all the shit humanity is now falling into was 911. Because 911 was also the kick off to build the new human, Transhumanism. The pillars Boaz and Jachin which represent man, is also in relationship with the Twin Towers, hence the nickname of the Twin Towers, Boaz and Jachin. each pillar stand for 23 chromosomes, 46 in total...the human. According to the symbolism of the Freemasons the 2 towers must falling down, so that there was going to rise from the rubble a new one, a so-called freemason fire-ritual. This is the big secret in Freemasonry .... the cultivation of the human body!...genetic engineering, the destroying of the divine man.They want to make their own human....transhumanism, half human half synthetic robot, full with nanotech shit and chips an linked with our brains on the internet ...some kind of Cyborgs, "We are the Borg you will be assimilated"

Keep all dividing and those power sick guys will have you at the balls for the near future, but beside that, they have been holding humanity by the balls for thousands of years now, so actually little changes, "only" a new system developed by the freemason architects, is rolled out for the slaves to keep them under control more than ever before. All this shit can only be stopped during a mass awakening and to unite all together by no longer playing their game, or the entire process will be rolled out over the next 25 years, in which humanity will have turned into a race equal and gender neutral population and ultimately transhuman. And all this madness we're in right now, is only because of a bunch of power sick psychopathic parasites who see the world as their world....not yours. So that they can say to "their slaves" after their reset; You are not humans, only are WE, and We have created you,...We are your gods,..obey us.

And if you don't wake the fuck up now ... well, your evil hidden Masters who own your ass will remain own there slaves for a long time to come. Because you where all stupid blind fucks, dumb slaves and goyim,,talking animals for theme, and has shit for brains in there heads. Even Obama once told the sheeple during a speech that even your thoughts are not your own, but were inspired by us (your Ruling Masters), and they gave him a thunderous applause for those words...bunch of programmed infantile fucking imbeciles. All through there apprenticeship system, there his-tory, there fucking lies, and their hijacked and rewritten acient old history books, etc, where you get lost in their dug rabbit holes. Where, for example, you keep wondering who and why the pyramids were built, all means to screw up your time and life, so that you never find out how, or what and when, how it works and who and what you actually are. And not to mention their mindfuck propaganda, and other sick mindfucks etc etc, so that they can trick you into anything they want.

In other words, you are a bunch of stupid fucks that thinks about bullshit that they have written and have whispered into your heads, in which you also believe it to be, and not to reason about what bullshit they have tricked you with, because reasoning is dead, your soul and spirit are no longer connected to your body, only your unreliable physical brain is still working who only absorbs assumptions and thinks that tomorrow must be an even better day than yesterday...only doing "nice" things, me me me, ..what a pathetic bunch of infantiles. But thank god, your Governments does think now for you, your new mom and dad to which all listen well and obediently. And above all, keep thinking that you are smarter as your neighbor, fueled by your selfish materialistic thinking, your desires, selfishness, greed, self pity, envy, jealousy, egoism and hate. You are a hopelessly lost bunch of souls, and your soul is withdrawing more and more, so you are facing a destiny where your body is only filled with devilish demonic power because you feel attracted to it, partly due lack of (spiritual) occult hidden knowledge what your slave Masters do have, what serves them to their advantage only, to keep you under their control to keep you dumb and to make sure that you stay a dumbfuck so that you can never become a real threat to them.

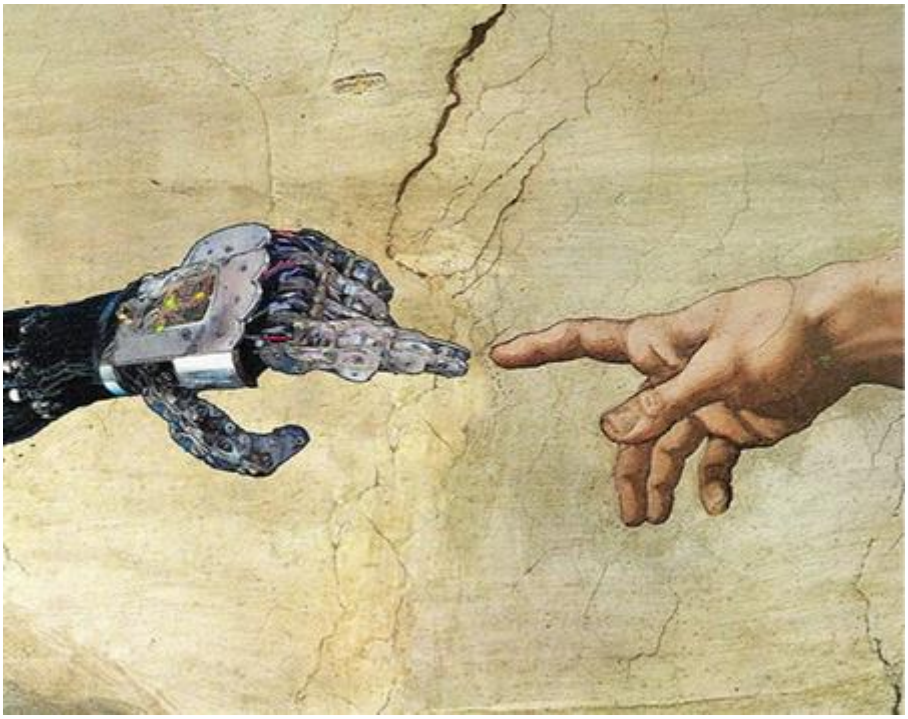
Transhuman



Why are they so eager to convert man to transhumanism? Because the hidden Rulers in power shit in their pants to lose their power. Their occult black mages know that and when the 6th race comes to earth, it will be the end of their reigning ultimate power over humanity by their occult demonic practices.

The 6th humanity will become telepathic and there will be no more room for lies, and will master the power of mash-mak, which was known among the Atlanteans in ancient times, sidereal force, better known as the vril of the future races and the power of the subconscious mind (the one in your holy triad) ...Our universe is spirit (spirit is dust and dust is spirit) to which you also can add in, the small cannot exist without the large and the large cannot exist without the small. And if you have the knowledge, you can influence that in the universe/also called nature, from the other side of the door. It is also very dangerous, for example from a very old hidden occult book, where warlord

Kapila looked with one glance at an army of 60,000 men, and all fell apart like dust (also known as, the eye of kapila)..the power of mind/spirit (sidereal force, mask-mak) In an extreme way, you could even split a planet with sidereal force..but humanity is far from ready for this kind of knowledge and is far too dangerous, it would be the downfall of humanity, with all those power sick lunatics on earth. For an example: in the Atlantean era, they had also flying machines and boats who were powered by the power of the mind, because then they were much more higher and stronger spiritually,..but what will come back in the future. In the cycle of races we are in now, is in the lowest part of the cycle, (the most gross matter) where we have lost those qualities of our mind, but will get them back again when we climb back up to the ascending part of the cycle, in which those in power do everything they can to suppress humanity's spirit and try to keep us low in the cycle or else they will lose their power.....but remember, nothing! but really nothing, is more powerful than the spirit, because the whole universe is spirit....and (besides that, the universe is not a vacuum, what everyone has "learned", it is a fluid, a outflowing substance, a gas, but I won't go further into that here)

When the 6th race become the new reigning human race on Earth in the future (the now first forerunners of the 6th, are reincarnate into the 5th race for the time being and will feel misunderstood now and frustrated, but through us they will eventually develop their own bodies that better suit their mental abilities in the future). The now reigning 5th humanity cannot stand them when later in the future more and more of them come and eventually the 6th shall wipe out the 5th humanity after first walking around on Earth together for a long time, just as previous humans have done, as perished humanity races like the 4th and 3rd and 2nd human races on Earth (The 1st was not here on Earth...the heavenly man).
So they think, if we now create our own humanity and wipe-out the 5th divine human race by destroying the divine DNA our self for the biggest part, so that we can keep them better under control, and by transforming humans into an android in an artificial womb at the earliest possible stage, is why they want to make humans infertile, by for example, mRNA vaccinations, and if you can make a child you need permission for it, and your child will also be transformed into an android in the artificial womb when you have handed in your sperm and egg. So then the 6th race cannot come to power here in the by their self-created transhuman because the soul cannot or will not reside in that body and in that way they keep their rulling power forever and they can play for God themeselves forever..they think.

How did they actually get that idea of making us a transhuman person? well

that has everything to do with the Jewish doctrine of the Kabbalah, which holds "as above so below" just like the Star of David also means, 2 pyramids in each other, 1 pointing downwards (so below) and the other upwards (as above). In the teachings of the Kaballa, the original God was both male and female, an androgynous God and immortal. That androgynous God has split up and must reach unity again. In the Kabbalah the earthly is a reflection of the heavenly (as above so below), humanity can realize the restoration of the divine by becoming androgynous and immortal itself (that's the thinking of those sick fucks, with their own made-up personal god, composed out misinterpretations) They want to achieve this for example through IVF and vaccinations, https://www.nejm.org/doi/full/10.1056/NEJM199801153380305 Undergoing IVF, a fetus that is XX / XY develops. In other words, the fetus develops androgynous (also called hermaphrodite) so a chimeric androgynous can feel masculine in a woman's body or vice versa. Another way to achieve this chimeric effect is through vaccination of very young children or babies in the womb. Making humanity androgynous as well as being able to modify DNA online. Also their sick immortality idea, must be realized through the CRISPR online modifiable mRNA vaccine and has everything to do with there master script .. transhuman (they think they can capture your soul is their goal when you are made into a bio android)

They Control Your Mind Through Your Very Own Virtual Avatar in a Digital Mirror World. https://www.youtube.com/watch?v=neOQNpxN0zs But sadly misunderstood by the dark brothers of the shadow side, because the spirit and soul are not in the physical body but reside outside it in the astral body,(your example blueprint for your body on earth) with which you are connected through your Oidic cord.and radiates only through all of your 7 principles/layers(also called your constitution) that make up a physical person/human on earth(which I don't explain because then I have to write a book here) Which also means they can't upload your soul to the cloud to merge it with A.I ..so no eternal life in a digital illusion that they want to intersect with the existing illusion what they want you to believe. When you die physically, when your body gives up, your spirit / soul (your subconscious mind) will not live on in their digital fake world, who only perceived / to observe there when you were still physically alive, all your principles will withdraw when you die to rejoin your astral body, where then your second death will take place.
Only your old thought from your unreliable physical brain will stored and stay there, your memories. But that is not forever live, and what the fuck do you get from that? nothing, it's only some fucking data from a dead person's old thoughts in their digitally created fake universe.(talking to your dead grandpa who "lives" forever in their digital shit? LMAO 🤣) By the way, you allready live

forever .. because life is dead and death is life. Death means nothing but a composite body or thing. Dead are only bodies in decomposition of entities that have completed their life journey in our physical world, not absolute things, I can also call a piece of iron that rusts away "dead" because it is decomposing. In fact, the word "death" doesn't really exist, you only see what happens, the change, the movement, because nothing stands still in nature or is really destroyed..what is called "death" is a clear example of change and movement, so death does not exist, and is only a word we give to it.

This what I am writing is just a very short cut because it is very difficult to explain it completely here and you also need to know a lot of secret hidden occult knowledge and esoteric teachings because the path Inside is very steep and narrow. And it is not like as, So above as So below, which is one of the foundations of Kabbalah and also among the Freemasons and other cult groups, but because it is as, So inside as it is So inside, but which I don't go and want to explain further, because then I will be writing here for hours or longer. And partly because of that there is an eternal battle going on between the Naga's and the Sarpa's, the brothers of the shadow side, the black magicians (Sarpa),and the heavily outnumbered the brothers of light, the white magicians(Naga).Both use the powers of nature of secret occult knowledge, but the Sarpa's their power does not last forever, and they know that, because they use it for personal gain, unholy and evil malicious purposes.Therefore the brothers from the shadow side also seek secretly in their own dark depths for angels, but they will never find them there, only blood-sucking bats they will find... but ey, they also have wings. Eventually they will disappear one day like a shadow in the sunlight these guys because there is no more room for them in the future, no more room for their lies and desires. Just like Lucifer, the lightbringer, who is still in favor of the black occult powers, and worship him because they use Lucifer's knowledge for their own selfishness.
Only they forget that he is the lightbringer what knowledge is, and can serve anyone who no longer wants to suffer. Once you learn and sees through, then you know all the pitfalls, tricks, lies and deceptions of him, then you will see the light, the truth, and that your "lightbringer" was nothing more than a liar who was keeping you trapped in the illusion and when you see through it, then there is nothing more to learn from him and he also will disappear forever.
...like a shadow disappearing in the sunlight, like all liars will do...poofff...and gone.

(Side note: btw, I hear everywhere that everyone calls the meaning of the word occult, "hidden", but anything that is hidden (you can't perceive), you can call then occult...for example, if there are 3 screws in my back through a hernia,

which no one can see, but they become visible when an x-ray is taken...an x-ray is occult as fuck then 😋
Actually, the meaning of the word occult, is a combination of 3 things, and one of which cannot do without the other, namely: sciences of the secrets of universal nature, the divine and philosophy…what is hidden for you and nothing evil about it (for example; philosophy...otherwise you cant explane it without philosophy ;-) ..1 of the 3 ey) But unfortunately the word occult is heavily demonized and has been dismissed as some kind of evil, thanks to the evil black occultists because they use this science/hidden knowledge only for their own greed and power and desires otherwise they cannot have power over others, instead of using it for the greater good of the whole, and to make sure that you never come to know the study of the hidden things of Being, the science of life or the universal nature and know your origin...(which is all kept well hidden from you)

However, for now 99% of the 5th race are still ruled by power sick mighty parasitic psyghopaths and the black occult magicians who keep you low in your 4th layer called Kama, wich representing your Desire, your selfishness, egoism, greed, jealousy, love and hate, your selfish materialistic physical animal thinking(your lower manas part,5)..who also rules your Kama and more.
Who almost has no longer contact with your higher 5th layer part, in Manas,(your higher thinking, like higher reasoning) who also updates your soul, your higher mind resides in your higher layers, your spiritual triad of (7) atman, (6) buddhi, (5) manas ... (spirit, soul and higher thinking). Your Manas, which also radiates into your Kama, is now working almost or not at all, only your animal thinking, as a result of which your soul is devoid of soul and has fallen into a kind of comatose state... you have become a kind of zombie. Because almost everyone has been unconsciously seduced by black occult magic and is now attracted to the path of the shadow side, the dark side, and is become very low in his Kama,(and your lower manas) so that only your physical brains, which are very unreliable and mainly make you think about the assumptions that the hidden rulers have made you believe in, through dark evil occult knowledge to their advantage. In short, most of you are now lifeless lost souls that can no longer be saved, and will get what they deserves, because you are now all a bunch of infantile wimps who can barely reason anymore. You think you are smart?..you creedy fucks. Most people who give up on other people who have a lot, for example, are no better themselves, give them a lot of money and then most of them are even worse than the elite they give up on ... hilarious.

But if you think you have a chance against the forces that let you do what they

want you to do, then you will have to leave their game, just stop playing their game. To them, you are only a pawn on their chessboard that plays their game without realizing it, whether you are against them or for them, you play their game. If everyone unites and says, we don't want this anymore..fuck off and fuck you! by simply no longer taking part in their game and leaving the playing field, only then you make a chance and then they will lose their power over everyone. The cube in which everyone is imprisoned will then unfold, which for example symbolizes Jesus on the cross, the cross is the open folded cube that shows that you can be free.
Btw, weird, that sometimes I am called an atheist, and if I say no I am not, I'm a polytheist, who believes in a universe full of deities and beings lower than the divine, who form a cosmic family ... then it is not good either, but it's okay, I can't care what others think of me.

(In short: why are the powers that be, "our" evilsick ones in power over us so intent on wanting to control our minds to have power and control over it? Because they know that if they don't, they will lose everything. But only mind sick idiots who are terrified and live in fear of losing everything believe in that, because they are distraught for what the future shall bring them..." but "believing" they can do in their own sect churches. Unfortunately they don't understand that that is impossible because spirit cannot be forced by anything and cannot controlled by them, just simply because the whole universe is spiritpower, everything is mind power and not some dead vacuum, it's a gas a fluid. And remember, nothing is stronger than spirit/mind power.. no AI-supercomputer can compete with that. AI is nothing more than a heavily souped-up calculator, and whatever all those so-called "experts" in this field say is actually bullshit and clearly have NO IDEA how AI systems work, and what their current limitations are, or which systems/devices do what doing. For example, this is the opinion of a consultant with a PhD in computer science. His assessment is actually more or less the same as mine, in which he says: >>""The so-called artificial intelligence we have today is a very advanced version of 'trial and improve', which can APPEAR conscious because it processes enormous amounts of data and discovers patterns. Due to the speed and volume of processing, the results may be better than humans (on certain tasks), but nothing even close to true self-awareness yet. It's just DATA-IN...DATA-OUT. Current AI systems are not aware of anything; no ability to think about past, present, or future events; no emotions/feelings of any kind; and no intention, whether benign or malicious. The human brain is so complex that we still don't fully understand it. Probably the most complex part to understand and therefore simulate is the sense of self and the myriad perceptual and emotional elements that make up the human mind. We will "probably" get there

eventually, but I don't see anything worrying at the moment.""<<....So that's clear language, so no Artificial Intelligence that will exterminat humanity or can replace humans, it's just bullshit where they want you to believe in, that AI is smarter than humans/mind, so..fuck off with that souped-up calculator, the AI machine, that has to become "human"...transhuman 👆 (So,.. and nowadays there are also morons who claim that AI is not human, but Alien technology... Really?? then I'm laughing my ass off 🤣..AI was raised by aliens??🤣...No , just by its evil greedy mom and dad...so the foundation of AI is, that it indicates value in everything...so therefore...just as greedy in its foundation as those sickfucks who developed it...so therefore, thus it's human technology...i just saying ey....so Eat that, morons! 👆)

Think what you want further, I don't give a fuck ;-) . I only lifted the tip of the veil, everything is different as you think. Just like the truth they serve you, which is mixed with buckets full of deceptions, lies, misrepresentations and devilish work to deceive your heart and soul. If you would hear the real truth you would not even believe it because of all that bullshit that has been chiseled into your brain. Your brain is like a pan of soup with lots of bullshit ingredients in it mixed with a pinch of truth to give it a little bit of flavor and then served as hot as possible to you .. enjoy your meal, so that you all your life screwing up your precious time with bullshit, and let it lead you to go from one rabbit hole to another rabbit hole, searching for the "truth" .. that you will never find ...until you die. And your hidden rulers can enjoy their lives in bizarre riches and enjoy their life.

The Cell Phone Poisoning of Our World

https://www.qigonginstitute.org/upload/tinymce-editor/docs/Cell_Phone_Poisoning_Of_America.pdf

Beyond that your smartassphone is very bad for your health, but secondly, those evilfucks in power over you have a big problem if you throw your smartphone away or stop using it, then they will lose their NWO control over you. Without your smartass pocket spyphone they can't check you 24/7 anymore and their digital air bubble crypto money comes at risk where they push you to and more shit they push you to via their smartphone.
So,stop with that smartassPhone junky addict behavior. Everyone has contributed this way to his own prison through his Cellphone ... Cell = prison cell .. your cell-phone number = your prisoncell number....you have fucked yourself!!...very smart...you bunch of stupid smartasses! (Btw, in the 90's I read the manual of a 2G Alcatel GSM phone, which said that you should not wear the device on your body because of the radiation...uhh? How are you supposed to call with it if you can't touch it? ..and I thought keep your fucking crap and sell that shit to someone who is a retard)

But everyone has a lame excuse,..for example: ""I can't live without it because then you can't do anything anymore because everything I do goes through my smartassPhone"" ..or any other lame excuse for that matter. ..You're just a bunch of cowardly hypocrites, who deserve that a small group of power-sick psychopathic slave drivers be your Masters, and have all the power over you.(because you are a coward and in fact you helping them to make the world a Hell for everyone)...I would say; and get yourself also stuffed with those chemicalweapon injections, also with heavy metals in it and nano shit plus DARPA's hydrogel and graphene etc, (funny, there is nothing Bio in that killshot only poison) and don't forget to take your booster shot every 3 months, otherwise you won't be allowed to use your smartassphone anymore, because you don't have a vaccination passport, or is no longer valid, a digital ID on your phone to participate in the NWO prison world.

But do shout: freedom! freedom! freedom! ..with your smartassphone in your hand .. and I'm awake!, I'm based, I'm a truth seeker, I don't comply!!, and that lame red pill bullshit from everyone...so pathetic. Or shouting crap like; "We're going to start our own communities in nature independent from the system"... Huh? what?, but with a smartassphone in their pocket...what a joke...awake haha, No you're nothing more than a bunch of cowardly scared stupid selfish dumbfucks, and you're only "awake" when you get up in the morning...morons! because you can't even live without all your social media shit on your shitphone, you even make your payments with that fucking thing...fucking losers!...and as long as you can't reason out the BS yourself of what those bastards in power are telling you to fool you with, and that someone else has to tell you and point it out to you what's going on...then you're NOT awake, so you're only just a dumb fuck just like the rest with a smartassphone, what takes care of making sure you participate well in the system.
The fact is that you are on the playing field of those in Power over you, and whether you are for or against, you are playing their game. So shouting I don't comply! is bullshit, because you do. The only thing you want to change is the rules of the game in the playing field you are in, and that's not really possible there, end the only difference you make there, is that you are only the black sheep among the other stupid white slave sheeps on the playing field, but you still remain a sheep. It doesn't matter what you yell on the rulers game board that you simply all join (most people without realizing it). ...when you're really "awake", you leave the playing field and you just don't play it anymore, because a game cannot be played without pawns, only then those in power have a real problem. And to make a good start in this, is to start throwing away your smartass-spyphone...(their controle device where you are addicted to)

So, slam that damn thing against the wall or smash it to pieces with a hammer my part. In the near future you will Not get the chance anymore, because then there will be no more smartassphones for you, Those fucks in power, also want to get rid of smartphones when the time is right....You are then become the smartphone itself..in the internet of things / bodies, when your body has enough nano shit in it through your food, water and air you breathe, everything is poisoned with that nano-shit, and the AI can hear everything you say, what you think and knows..and your brain also can be hacked too etc, or maybe via a chip in your dehumanized destroyed fucked up body,..you dumb stupid fucking idiots, ..zero point zero privacy for you..."living" in your digital hell, another extra fake reality for you...are you happy now?...too late, you bunch of cowards Okay, I'm so fucking done with all this shit, (all that senselessness, cowardice, lies, madness, etc, has become an epidemic in the world and is a real torment

for me) And, the only thing that will be later written about us in the history books of man, and will be remembered,about us, is: ..."that in those days Humanity led itself to the darkest page of humanity because it had become completely retarded infantile".

Pfff so, and now you can go quickly check your smartassphone again, to all your very important bullshit.because you may have missed something..such as, checking all your fucking apps, ...btw, the only apps i have are the apps on my belly. In fact it has become a hopeless situation, which I have been fighting against all my life, but people seem to agree that they are a bunch of cowardly scared slaves, and that's all that's left now what brings them together and they can share their fear together as a collective, ...being afraid makes them one now, not common sense or reason anymore. So it's a lost cause, which will also be my downfall because the majority of slaves will comply with all the shit, and continue to play the game from their Masters out of fear and cowardice, and shall die on their knees with the boot of their oppressor at their neck. The only big difference is that I will die upright as a free man and the scared sheep as a bunch of brain dead slaves,..as goddamn cowards, who don't even dare to live without their smartassphone...pathetic.

But, maybe this vid gives a bit of hopium https://alive528.com/v/15839 The Anti-Smartphone Revolution (25-7-2022)
Like I said before, without that smartassphone they can't roll out their digital slave prison for you, everything goes through that damn thing. That's why there are already votes to oblige you to have a smartassphone, ...hahaha, otherwise what? a fine for not having one with me? That will never work, because then I

forgot to charge that thing, or I couldn't pay this month my energy bill and therefore my battery is empty, or I have dropped it and my smartassphone is broken (so if it is mandatory, then have a broken phone in your pocket :p) and so I can think of even more for not to have walking around with that fucking spy-ass-control device in my pocket. so forcing you to have one in your pocket is unfeasible for them, (and they know it) so it are only just some scare tactics from them. And that's why they want to get rid of that thing in the near future because it's the weakest link in the chain in their digital prison that they want to force you into. And therefore in place they want to put a chip in your hand and your head to have full control over you and to keep it that way....Which, by the way, isn't even necessary anymore, because you breathe in the nano smart dust or it's contaminated through your water and food with that nano poison, sprayed worldwide above your head in the air...also called chemtrails, those beautiful stripes in the sky, so AI (which is also nano) can enter your body to read you out, so to speak. That chip is no longer necessary and only served as a kind of fear porn for the masses... they want to chip us! But what you already are, because of all the nano smartshit poison in your body.
https://alive528.com/video/24123/2025-the-genocide-program-a-short-film---2018

Think what you want to think of this blog...I don't give a damn anymore. And it's not meant personally, but in general how it is and what's coming your way... not much good.
And before I forget; also enjoy your new 5G smartkill assphone, if you already have one, and soon your digital passport, your CBDC crypto shit created out of nothing, your mandatory vaxxinations, your life in the smart cities, your "chip" (nano) in your fuckt-up body, and eating your poisonfood that you can only buy etc etc. And 95% of all people will accept it all, under the guise of: ...yes, but otherwise you can't do anything anymore... Well you fucks, have fun then later in your digital hell that you agreed to. Because you're a fucking coward because you were scared because you were frightened by your overlords... Damn it sucks so hard that humanity has sunk so low.

You can actually view it as a kind of a new form of suicide if you give in to that digihell they push you into, because you were so afraid that you wouldn't be able to do anything else...you were so afraid of losing everything you have...and your fear of dying. Well have fun there then, because then you really can't do anything anymore, everything is about control over you and that you die quickly because of all the shit in the digital-hell of bodies, and you won't live much older than about the age of 35 there, maybe 40 with some "luck", where they mainly want to control your mind, what you think, what you dream, etc. to

check that you stop thinking about your freedom, and thinking and reason about the things you still did before you agreed to accept the digital hell. Because thinking is not allowed, the new system of your overlords with their artificial intelligence shit does that for you now,...your digital hell where you are then trapped in.

Have a nice day,

(april 2022)

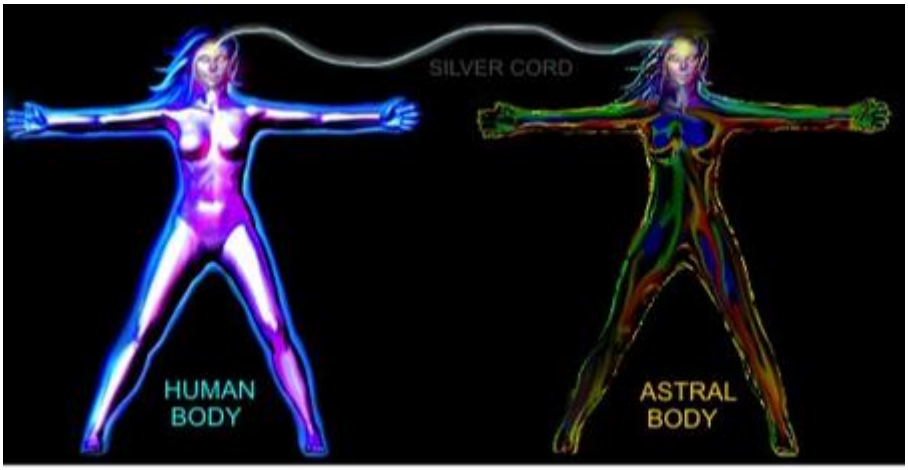
How to avoid destroying yourself...FOREVER!!



Who and what are you actually?
I've decided to write a slightly deeper Archaic occult blog in which I try to explain as simply as possible who/what you are and what makes you human here on earth in order to manifest yourself here...so I'll give a little bit look-in on what is behind the curtain. In the ancient hidden teachings, the name of a human being is an Avarksrotas being, a being that rotates in the cycles, a reincarnation being, the avarks stands for the animal principles necessary to reside here on earth, your vehicle. In short, man is composed of 7 principles/layers also called sometimes your constitution. Of which 3 spiritual, your higher parts, (principles)also called your sacred triad, and 4 animal, (actually 4 and a half) your lower parts. These principles/layers, I will mention here all that have been given their names in Sanskrit in brief.

1= Atman...your holy spirit (the divine)
2= Buddhi ... your soul (the spiritual)
3= Manas ... your higher thinking, the spiritual part/ reasoning at a higher level belong to your holy triangle(1 2 3)/ but (your animal unreliable thinking part from manas works also in your kama layer.. physical animal brain/ physical intelligence (4.5 works in lowerlayer 3 and higherlayer 4, that's why I call it 4.5)
4= Kama ... your desires (which now rules people most because you are attracted to it, thanks to the black evil occult fucks and the hidden Rulers and have caused that your soul(2) is to become almost comatose as a result...and feels drawn to the shadow side and your soul slowly turns black, or call it evil if

you like)
5= Prana ... your life energy, your life principle (jiva)(originating from the 4 above. Prana is also your battery that is filled with the earthly prana(when that energy is used up, then you die) It only shall flows back after you die if there is energy leftover and it flows back then to the prana from the earth, for example, if you die in a car accident at a young age, or get killed etc before a death by natural causes.
6= Lingasarira ... your fluidic double body, your astral body, is also your blueprint for the body where you are in now(7 is the reflection of that example astral body).
7= Sthulasarira ... your gross physical body, your vehicle on earth, the meatbag, to manifest on earth (in the lowest dimension...in the Maya, the illusion)

Actually, to better understand it, I could write a full blog about each principle, but I'm trying to create a representation in order to understand it. I could make 1000 different choices to write this blog but chose this way of explanation, because there is no more time to lose to give my warning so I have to be short with this.
All these principles are not piled on top of each other, but all irradiate each other, as an example; your soul resides in all 7 of which Atman is highest, so you could say that you have 7 souls. Each of those 7 principles of man is itself 7 fold. Why? Because the laws of nature work in such a way that what they do in one place, they do everywhere. Nature forms 1 whole, she has 1 soul and that soul works everywhere in the same way. But actually I don't want to go into it further because to understand it a bit, it all would take me way too much time because it is way too complex and requires years of study, also because everything is connected and everything in the universe works in the same way ..everything.
To get to the point of what I'm actually trying to say after minimal info above, see yourself as a rolled up piece of paper representing Atman, Atman(1) is the divine superior of the 7 principles and unrolls with all 7 principles into itself, and once unrolled, you are born on earth and you can be here and what is connected through your odic cord to your astral body(6) on the other side of the door. The other side, the astral, is somewhat less raw material than where we are in now on earth (the lowest, the grossest matterial) and what we cannot perceive what also radiates our world, but again not perceptible to us, and in the astrale where also is the Kama-loka, which consist of 3 areas (and are in the chllio cosmos as rupa's = bodies) those Kama-loka areas (loka = area) are not far from us, do you have heard of the atmosphere ? so, there, and a large part above that.

Hence all those "ufos"...orbs of light, which people worldwide observe that come out of the astral and withdraw in again are ..demons that are attracted to the earth, to us, so bye bye ufo bullshit. They are nothing but entities of pure energy disembodied and can only stay here for a while to be here, when their energies start to fall apart they disappear again because without a body it is impossible to stay on Earth for any length of time. So the astral plane is also a very dangerous area full of everything that once lived on earth, and entities such as demons can also get there because no physical body is required there. All the remnants of everything that lived in you and is separated from what Atman, Buddhi and higher Manas cannot use remains there of us, to eventually disintegrate further atomically…protons, electrons, thoughts etc etc.
A kind of garbage dump of the earth where the evil sick thoughts of us also stay behind, ..that is for example the spirits that summon mediums of someone who is dead but are nothing but the evil thoughts and other negative shit of that person(what we call a ghost), but soulless is and remains in the astral, the person himself is no longer there, he or she is in devachan …or avici. But the astral is also the storehouse of everything that lives from what wants to manifest on earth and is also there in forms of astral example bodies, (the blueprints of us) of which you are the reflection on which the raw matter has descended, and you can stay here on earth in your flesh bag, the earthly body(7)

(To give you a simple example of the existence of your astral body to which you are connected through your odic cord. For example, when people have a leg amputated, some of them have pain in their leg that has been amputated for the rest of their lives, or sometimes have itching on their leg that is no longer there and want to scratch it etc. This is what they call Phantom pain, (which science can't explain) which is only because your astral body has not had a leg amputated and your subconscious senses that through nerves that left intact just above the amputation, and makes you think and feel as if you still have your leg) Or another example; people sometimes experience that when they wake up their body is paralyzed, unable to move and feel nothing. That is because your consciousness (manas part 5) is awake earlier in the body(as the 1st back in your body(7) than the rest of all your layers (7 6 4 3 2 1) that are still resting in your astral body, where all are when you sleep, and in this case the rest comes back a little too late through your odic cord, from the other side and your body(7) is therefore not yet complete to function.

But enough for now, because this sneak peek from behind the curtain was just a very brief introduction to the mega sick disgusting warning I'm about to give you just in case you think...I'm getting vaccinated anyway because then I'll be

rid of all that misery and can go back to my old life...that's just the beginning of your worst, worst nightmare you can't imagine how disgusting it is because you don't want to/don't even believe it, the real misery really starts when you Die and passover to the other side , if you chose to take those jabs. Normally when you die and your raw material body (7) that stays here on earth and starts to decompose, ("if you didn't take the nano DNA-altered vaxx...overwritten by cut and paste work by CRISP") your 6 other principles have withdrawn from that body and retreated into your astral body (6) where then your 2nd death can take place and Atman(1) starts to roll up again like a roll of paper and all your principles (only the spiritual parts of it) will withdraw into your sacred triad and then absorb all/the essence of your lower parts, only the good spiritual principles into your higher Manas (3) Buddhi (2) and Atman(1) of the life you lived on what was good and learned through suffering and other experiences etc... the rest (your bad thoughts and other shit etc which is not useful for your holy triad) goes to the dump.. stays behind in Kama loka/astral

When all processes are completed then your astral body can start to disintegrate, your Atman and Buddhi and higher Manas go to the Devachan(heaven)(Devachan also called the realm of the Gods.. the Akasa, where the spiritual realms are located) which is again in another dimension (a more rarefied area)…in Being..To Be (where you in your own heaven see the effects of the causes on earth and will work out in a blissful and peacefull state in the womb of your divine monad (the house/home of your spirit) where the spirit(Atman) can rest and can recharge, and your soul can dream itself empty whit the absorbed higher Manas in it, the spiritual higher part(which was already done in kama-loka, where your 2nd death took place)and the highest of that manas will also flow into the spirit via the soul, until your ego is empty and erased and feels again drawn to the earth and your new birth will take place again (reincarnation/karma) and you will remember nothing of the life you had before, only your character traits will be preserved from your previous lives, otherwise you would always remain that same person,.. forever (terribly boring and you would go crazy) with all your mistakes, frustrations, displeasure, pain, sadness, disappointments, etc, and that was reincarnation in short. Btw, that you will always go to the Devachan / heaven also depends on how you lived your life on earth, your Atman and Buddhi and higher Manas may also be attracted to the Avichi .. your own hell, but I'm not about write more over that for now.

So, and now the Warning: The nano vaxx that people have taken and been seduced into, , in which CRISPER will overwrite your DNA and thus also destroyed your divine DNA, which is going to mean that when you are enter

your 2nd death, your astral body(6), wich normally drawn up all your principles from your 1st death on Earth, will no longer recognize your raw material body(7) and it's constitution/principles(7)(5)(4)(3)(2)(1) as his, his reflection. Simply because it no longer belongs to your astral body, it is no longer recognized.. the wrong code, (your altered DNA no longer matches the original DNA that your astral body(6) does have) or see it as the wrong password, so that your 2nd death can no longer take place, and you can't go from there(your spirit and soul and higher Manas) to your Devachan in the Akasa realm, after which your astral body can also decompose(2nd dead) with the rest of your animal principles in Kama-loka. but that also cannot take place anymore, and you are doomed to wander in Kama-Loka forever and ever and you will always be the person you were on earth before you died and you will never again make any progress in going higher through the cycles in any higher hierarchy in the universe to become a higher being through spiritual growth. For example: I will forever remain justmec, with all my mistakes and all my shortcomings etc etc..besides that, it is also dead boring, eternal and eternal to stay justmec, who forever wanders in a transitional world that is too disgusting for words (cowards can't even commit suicide there to get out of that horrible shit), also no reincarnation is anymore possible. And who beliefs in a resurrection, that is not possible either, because that's pure bullshit, keep on dreaming, because your odic cord (which is electromagnetic) with which you where connected here on earth, dissolves when you die, because all your principles have withdrawn from the dead body(7) and are now in the Kama-loka, so you can't go back to your dead body on earth either. You be doomed forever! you're a doomed lost soul that is trapped in a dimension where hell is a holiday park in comparison.

Even the Bible warns: The people who accept the mark of the beast (the injection) will be lost souls and who will no longer be able to obtain rapture into heaven and will be forever doomed to wander between heaven and earth. Well, the Bible is more occult than everyone thinks, lots of veiled hidden quarters that you can't see in it by not having any or too little knowledge. Funny that people who are heavy in the Lord, and call me anything and everything because they only read their Bible mostly literally, but don't see and understand the deep veiled hidden messages in it at all. But I don't have time for them anymore, to defend myself against fools who call me a new-ager, an atheist, satanist, UN lover, jesus hater, kabbalah follower (this one is for the jesus lovers...their Lord https://www.youtube.com/watch?v=II9X1-s88Go Profit Preacher 😛) Oh haha, and if I get too close to their intent to divide people, than they even demonize me that I'm vaxxed (wtf?)and scold me rotten for anything and everything..fucking losers (I think I'm forgetting a few more :p haha) or whatever the fuck they say more to me, so just stay in your fucking

Maya (the great illusion)in their fake reality built in it (made by your rulers) what people have adopted as truth they believe in from birth because they don't know any better, you idiots, and float on, on your fucking desires in your Kama(4), and I let them preach their own “truth”...and remember, there is no religion higher than the truth. Nevertheless, the worst biggest bastards, to whom we owe all the misery on earth, are our hidden sick slave Rulers/Masters (with their evil black occult Mages, the Sarpa's, the brothers of the shadow side) and are blinded by greed and selfishness, power and evil demonic occult rituals etc, to keep humanity under their thumb, because of their blindness to absolute power, and they don't care to destroy the divine human by overwriting the DNA to turning humanity into bio computers, they want to build their own human (transhuman) in order to play "god" themselves, and experiment and test their new shit on their slaves. All they care about is only that they can stay in power forever, and what misery they do to others they don't give a damn fuck about that...what a bunch of pathetic sick psychopathic motherfuckers. Also, their occult black magicians know that the people who have altered DNA cannot come back to Earth, because they are doomed to stay forever in Kama-loka. A kind of killing 2 birds with one stone. So that those in power are also guaranteed from only a minimal resistance to them (from divine man) in the future.

So, NEVER!! ever, never take that nano injection, even if they want to chop off your head, for not taking that experimental jab of death and destruction that will destroy your divine DNA,…Nothing is more worse than being doomed forever between heaven and earth…and you're going to die anyway, but what only is a phase you go through in order to be born on the other side of the door…death is life and life is death. I could write this blog much more horribly about what awaits you after your first death on Earth, but if you decide to take the nano vaxx anyway that is going to transcribe your DNA, then at least I warned you about what to expect, and that you will never be a divine human again because you chose to destroy yourself. I'm just the messenger, so don't kill the messenger…it's disgusting enough what awaits you when your (divine) DNA is altered by a bunch of sick evil psychopaths because you let yourself be seduced out of cowardice and you was hoping to continue your "old" life, and get rid of all the bullshit, without doing your own research into what kind of shit they injected you...once you've taken the killshots, your DNA becomes destroyed and you are no longer a human when the CRISPR/RNA(mRNA) "vaccine" is in your body and it can never be recovered...dehumanized. And that's because you believed all the lies of the media propaganda and were led by your own fear and cowardice. But, forewarned people counts for two, so think twice before you decide, or just call me an unbelievable twisted piece of

shit ...i really don't give a fuck, it's your live, your choices, your path,..not mine. I can only give you some advice on your path. I want the best for everyone, because the effects of the vaxx what is altering your DNA, has many, many more effects than you could ever have imagined.

Vaccines, Body, and Soul Disconnecting the Body from the Source - Effects of Vaccines

^^ Well, what this lady forgets is that the 2nd death in the astral plane could no longer take place, (which this lady has no knowledge about) ... only the spirit and soul and higher manas will not stay there because they will find their resting place in the Akasa realm and stay in their nomad, but in an unfinished process that normally should have taken place in the astral plane... which will also cause problems for the spiritual parts there (the true human being..the divine human) because the trinity then radiated through the person who still had a physical body, through all the lower layers below the spiritual layers, and in the 2nd death they are pulled up (only the good) to the spiritual parts...but what could not happen there, because the modified DNA is no longer matched and recognized as his. But well, it is not that simple, Just think of the problems that a person experiences with a transplanted heart for example... rejection phenomena... which largely arise because that heart has been radiated by the spiritual parts of another person, and as a rule in the universe you cannot give your energy to another, ..a planet cannot give its energy to another planet either etc... everything works in the same way in the universe..(note: do not forget that everything originated from spirit, so also everything that is tangible, only the tangible form is a very densified form of spirit that has materialized, has densified...spirit is matter and matter is spirit..infact the whole universe is...spirit...divine

Planet of the Apes

I get a bit tired of it now and then, was reading an article: Hinduism and Buddhism,...pff, all that shitty Faith on earth (of all groups) with their own Faith beliefs. Everyone forces you, you to have to delve into that shizzel and take it blindly. An open institution in which you have to live as a mentally ill patient and where you will be treated by even sicker healers so that you get completely lost. Books full of written by power-hungry psychopathic ruling-grabbing sick lunatics with their psychiatric visions that oblige me to accept their madness as truth in order to participate in their sick games...to fit in there system. Why should I still read their Quran, Torah, Bible or whatever Book of Faith? To get wiser from the rewritten hijacked scripted bullshit? and I don't want to waste my time anymore to have eternal discussions about it, because there is no

religion on earth higher than the truth. Do not think that I am denouncing the Bible or Quran or other faith, no certainly not because it does contain truths, echoes and occult veils from a far distant past.

Actually, if no one would read those Faith books anymore, all faith would have evaporated on earth after a generation. Actually just as watching TV, just don't watch(all massively)their fuckingpropaganda TV stations and they will collapse automatically. Just like food that contains all kinds of scary shit nowadays, just (en masse) no longer buy that junk, boycott their trade, one by one, then their production will automatically stop after a week and they go bankrupt...they can eat their own cancer junk themselves and read their own lies. But they also want to get rid of all that existing belief, it has served its purpose and the late Darwin theory helps to destroy that belief. Just like the Illuminati, which I will not go into further, because I have already had enough misery with those guys, who could say that everything is evolution, what it is in a way of course. For example, when I bought a detergent in 1990 and had to wash the laundry at 60 degrees to get the mess clean, I can now buy a detergent where I can do the laundry at 10 degrees...do the laundry with cold water...evolution, so, Darwin is right again?

The only true evolution is the evolution of the spirit/mind and the form doesn't really matter that much in which the soul/mind feels at home, which the Egyptians also showed in their hieroglyphs, a circle that stood in front of the monad/the spirit, with two wings attached to it, which depicts the monad flying through time and space on an infinite journey from one hierarchy to a higher hierarchy and then evolves again to a higher, ect . But according to Darwin my ancestors were monkeys and I have now evolved into what I am now and in for example 2000 years, I will no longer have to pull hairs from my nose and ears as I get older and no longer have to shave…evolution. Well, as you get older, wild hairs will appear on the craziest places, on your back, up and out of your ears, from your nose wild growth of hair, eyebrows, hair around your asshole, etc., as long as you get old enough you will almost go like a hairy ape when you go into your coffin...it looks more like a kind of backward evolution haha, but I actually think rather that I will be a werewolf (in sheep's clothing)I just pulled a few wild hairs out of my eyebrows with tweezers and two hairs from my right ear to avoid that I stand out in the herd of sheep...it is still a bit too early for that :p And all those Darwin loverboys preach that I/we descend from the apes, they have even mentioned the banana a few times, “that the banana contains 30% human DNA”. Nowhere do I read, for example, that it could all be the other way around. so first the human, then the banana and then the monkey, because perhaps that ape that emerged from humans did not like a banana without

human DNA.

In this order I can go better through the door with that Darwinfuck, but Darwin not with me, because then his theory will collapse, because I refuse to assume that my fore fore forefather was a monkey, because Darwin says so?...where the fuck is the evidence then? and do not come up with the story that man and the ape had the same ancestor, because there where never have found bones and skulls from an evolved ape-man-like human or any intermediate phase been found, only evolving monkeys bones and skulls, up to the monkeys look from today…man suddenly appeared, a ready-made model. And what about those Giants then Darwin? Because there are enough bones, skeletons, skulls and evidence of their existence have been found. I think Darwin would say to that: Giants ?? oh those, they descend from King Kong. Even the blackened Vedas, which are the oldest and most sacred compositions in Hinduism, (written in Vedic Sanskrit) are spoken of Humans, and half-humans from which the apes originated by man, because they sexually assaulting them, and their descendants were the apes...but by man both were called apes (half-humans were people who had an underdeveloped self-consciousness, more latent than self-conscious, because they were less advanced in their spiritual evolution) but despite being exploited by humans, used for warfare, sexually abused and slavery etc, those half-man 'apes' weren't completely crazy, they had their own cities, a form of low-level self-government, and even their own god Hanuman, Hanuman is the Hindu man-ape deity. In fact all this shit happened in Atlantean times and we inherited their sins and still haven't worked out in our time.

Anyway, the OWO, the old world order, which has now been renamed NWO (has rejuvenated itself) also embraced Darwin, in fact, Darwin wrote it more or less “on behalf of them”, because if you want to get rid of the faiths you must fool the stupid slaves of a new origin of man otherwise you cannot form 1 world government especially due to too many differences in beliefs.
And Darwin was their whore who was a freemason and in exchange for a bag of money, he took an oath to shut his mouth or else his head would go off, building a new origin for us from where you come from through some coincidences to throw on a pile, and unleash his theories, to make you believe that you are descended from a fucking ape. But he withdrew after finishing his writing theories and he devoted his life to theology in a monastery and never said a single word about his monkey origin theory, a kind of regret?. The NWO is now just like the Illuminati, who also benefited from dismantling the stupid beliefs because it no longer fits in their NWO world, which used to be in their favor, they are now busy changing their faith for the herd of sheep, wich is falling more and more of its faith through their manipulation and the masses

are now desperately looking for a new one because their faith has been undermined by a new one to come. Hence all that New Age and Buddha shit that you see more and more in the gardens and houses of the gullible stupid slavish herd.

So it is also the time for quick action at the NWO, because the aim of the Elite is to remain the only 'god' themselves and to be worshiped unconditionally by those stupid cowardly slavish monkeys in their eyes, the monkey club of Darwin, because now Darwin comes in handy for the NWO to be able to play god themself. Strange because their own (rewritten) Abrahamic religion god (satan himself) created man in his image, the divine man, because otherwise god himself is also a monkey if we would descend from apes (in his image). Anyway, God created man more as a useful tool to serve him as a slave, because we are here to serve and honor the gods, to till the land, to work in Solomon's mines, etc. The gods left , the king ruled on behalf of the gods and the high priests the same, but differently, through the faiths and that game is still going on.(btw without any proof that they may rule over us by the grace of God)

But now we descend from a monkey, because now you are being led to believe that, but it bites each other on all sides. The word man-ape covers the meaning better I think. The elite, the beautiful "real people" the new gods, and the stupid mass of herd slaves, the Darwin monkeys...their moronic god created so basically two kinds should have been in their sickly rewritten bible and should have been better explained to their herd, so the ape-man and man, that had saved them a lot of work. The now evolved ape-man who has now evolved into sheep-man, to serve the power-hungry elite "gods." Darwinism, which is now fed from the spoon to the infantile propaganda retard education to the already prepared mindfucked children's souls that the mums and dads (the Sheep-man) have already partly taken care of from the cradle, so that their children will soon believe that they descend from a monkey.

And Daddy and Mommy are secretly praying in the middle of the night in their bed still call on their God (satan) if he wants to ensure that they will win the state lottery this month (It's touching, people who hope to win the state lottery and think they can buy "freedom" with that....No, they only can buy just a little more freedom of movement with it, than their neighbors have) and then hope through a lot of money they can join with the "real man”, they also hope to be allowed to belong to the elite through materialistic evolution from stupid ape-man to sheep-man, to a rich “smart” and “real” human being by evolving, by money, because only then do you count in the world of Human...Well, fuck you

all! So don't let that Darwin monkey club and those fake gods fool you with their bullshit, just keep it that they themselves are descended from the Apes and that you are a divine creation of God, that saves you a lot of discussion and stupid bullshit with those mindfucked pathetic monkey souls who have come to believe in it. So whoever thinks that a monkey or a chiquita is his ancestor should do that. I'm not even going to have that discussion with those infantile apes anymore. Go ahead and be happy and stick your banana in your asshole and fuck off!

“”Ancient Gnosticism described the material world as evil and as the domain and creation of the wicked Demiurge. So, if we are in the material world, we are sure to encounter evil. If we are in the spiritual world, the realm of light, we won’t. The human soul has become imprisoned in evil matter and needs to find the means of escape to the Light.””

Just don't worry too much about everything they want you to believe in, just research yourself and reason what you have read, in the end you just die again and you don't have to do anything for that. Then all your problems and issues are solved if you think you descend from a monkey because up there on the other side everything is peace and quiet and divine again, just keep going for as long as it lasts with all the madness they have chiselled in your head, at the end of your live you can enter your coffin again to go from there to the realm of light. BTW, I've been working hard for the last few years to update my girlfriend's soul/brains at high speed, to make sure that her soul doesn't reincarnate to the Planet of the Apes too soon, so we can do a few laps together and skip the shit until everything here on earth has normalized a bit again, and because, well I want to have something to fuck there in the realm of light when I stay there with my divine spirit in our own heaven. And now I'm putting an end to my writhing with my cynical mind hehehe, and as for those Darwin monkeys ...myself, I agree that the ape is not the ancestor of man, but that the (true, and previous, and thus 'higher') man is the ancestor of the ape. Well, and people who reads the old work of the Theosophical society cannot but logically reach the same conclusion. The monkey is descended from humans and not the other way around.

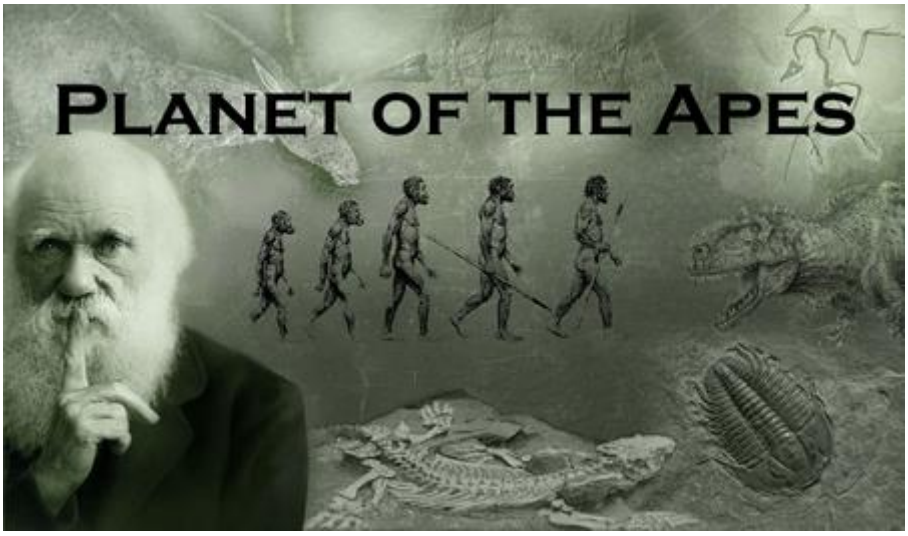
Planet of the Apes (part 2)



Anyway, I decided to add a part 2 to my blog Planet of the Apes to add some literary scientific support to this. It was quite a search to find this back on my external hard drive, but I don't want to keep this away for you, because it is difficult to find if you know too little about it. And it comes from the same time when Darwin came up with his so-called ‘scientific’ evolution Ape theory. His theory was answered by, for example:

Jean Louis Armand de Quatrefages de Bréau, or Armand de Quatrefages for short, was a French physician, mathematician and natural scientist. He made a name for himself as a zoologist and was an influential scientist in the second half of the 19th century. Wikipedia
Born: February 10, 1810, France
Died: January 2, 1892, Paris, France

And by Dr. C.R. Bree, who also lived at the same time when Darwin came up with his shit. Both pieces below, which were sent to me 12 years ago by a good friend to give me some extra support at the time, but didn't want to get involved, because I had a fight with some Darwin lovers, and some mindfucked Apes there, who tried to take me down with their bullshit… a site that went black a few years later and everything disappeared to the digital hell…fuckers

“” In the first part of the recently published 'Introduction à l'étude des Races Humaines' by De Quatrefages, it is proven that since the post-tertiary era and even before - because many races were already scattered across the face of the earth at that time - man in his material structure has not anything changed. And if for centuries man was surrounded by a fauna that changed from one period or cycle to another, which died out and was reborn into other forms - so that now there is no animal on earth, large or small, that was a contemporary of man of that period - so if every animal but man himself has not changed form,

then this fact proves not only the antiquity of man, but also that he belongs to a separate natural kingdom. Why would he alone have escaped change? Because, says De Quatrefages, the weapon he used in his struggle with nature and the ever-changing geological conditions and with the elements was `` his psychic strength, not his physical strength or his body, '' as in the case of the animals. Give man only that dose of mind and reason that other mammals possess, and with his present physique he will prove to be the most helpless creature on earth. Everything contributes to proving that the human organism, with all its characteristic features, peculiarities, and individual tendencies, already existed on our globe in those distant geological ages, when there was not yet one of the species of mammals now extant. So what is the inevitable conclusion? Of course this one: since all human races are of one and the same kind, it follows that this species is the oldest of all mammals now living. It is therefore the most stable and persistent of all, and was as evolved as it is now, when all the other mammals now known had not even taken their first step to appear on this earth. That is the opinion of the great French biologist, who thereby deals a terrible blow to Darwinism. ””

We also read in Dr. C.R. Bree, Fallacies of Darwinism, p. 160:

“"Darwin rightly says that the physical and especially the mental difference between the lowest form of man and the highest anthropomorphic ape is enormous. Therefore - since Darwinian evolution must have been almost inconceivably slow - an enormous amount of time must have elapsed in the development of man from the ape. Thus, the likelihood that some of these variations will be found in the different silica layers or freshwater formations above the Tertiary layers must be very high. And yet no single variation, a single specimen of a creature between a monkey and a human has ever been found. Neither in the gravel, nor in the clay deposits, nor in the freshwater beds, nor in the Tertiary layers below, have ever been discovered the remains of any member of the missing families between the ape and man, as Darwin believed they existed. Have they sunk with the Earth's surface decline and are now covered by the sea? If so, it is very unlikely that they would not also be found in those beds of geological strata of the time, which did not sink to the bottom of the sea; and far more unlikely, that some parts of the ocean floor would not have been raised, such as the remains of the mammoth and the rhinoceros, which have also been found in freshwater beds and pebbles and sediments!...The famous Neanderthal skull of which so much has been said, it is acknowledged, belongs to this distant era (Bronze and Stone Ages), and yet, although it may have been the skull of an idiot, it differs enormously from that. of the highest anthropomorphic monkey known.””

Ha, found a nice link about Dr. C.R. Bree
https://creation.com/charles-bree-the-scientist-who-challenged-darwin

If I were to read this all aloud right now at that Darwinfuck his grave, he would turn around in his grave again and he cover his rotten ears with both hands, because the truth is too painful for him...So, bye bye and have a nice day Charles...you fucking Ape!

New Age shit

Nowadays (and longer back) I get really sick of all those New Age shitters and their shamans, who shoot like (poisonous) mushrooms out the ground with their bullshit practices where they charge you 70/80 euros an hour for their workshops and sell their rubbish shit. The bookstores are also full of their new age mindfuck books, and on the internet and movies in the cinemas like Avatar, etc. Even if you are a awake person, you sometimes fall for it if you don't pay attention.

Not so long ago (last year) I became a victim of those charlatans myself, my girlfriend who suddenly came in with all kinds of Tachyon junk, a tachyonized pendant to hang around my neck, good for my thyroid which should strengthen my immune system and to feed my body with energy. Tachyons that protect my

immune system against the dangers of our modern society and especially against the effects of electromagnetic fields, which are generated by all electrical appliances, especially smartassPhones, smart meters, wifi, 4G, 5G, computers, TV's and microwaves, and what kind of electro smog more where I am exposed to today. The pendant looks like a mega large suppository that hangs on it, firts I did was unscrewed that thing to see what's in it...a little black fine grit which I think is just ground black tourmaline (the so-called suppressor crystals) and that for only 29.95 euros. Furthermore, two tachyonized cups and a water Jug with a magnet in it, where you can put a bottle of water in, so that after a few minutes the tachyons have turned my water into a kind of life elixir, and not to forget (very important) 2 pieces Karma soap!. This whole joke cost her (us) "only" a almost goddamn fucking 250 euro's added together. By the way, it has never been proven that tachyons exist, and those New Age fuckers just laugh, those bag fillers ... bah bah bah, Oo, just a moment, I suddenly have to vomit in that tachyon water jug before I continue writing.

So,I sent those shitheads an email that they were scammers with their mess they sell, whereupon I was immediately attacked and that I had a too big ego etc. My last email to them of course went unanswered...

""Well Kim and apparently your problem is that my reaction represents everything I can destroy about your unproven new age mambo-jambo. Am I undermining your lazy livelihood or something? Because apparently I'm kicking the sore leg and especially your hypersensitive ego, which many of those people have in the new age scene. Criticize people like that and they will immediately jump out of their skin! I always like that when people react like that, because you are so pissed off, it shows. Why pay so much money for bullshit new age crap, which is often also referred to as a kind of "charity work" under the new age banner, but is only based on money, a lot of money. You react exactly like a typical New Ager to me. So just float on in your Pink Bubble Kim, until it explodes! hahaha, greetings ""

(From the Dutch wikipedia) Tachyon
""A tachyon (from the Greek: ?? (tachús), means "fast") is a hypothetical exotic particle that moves at a speed greater than the speed of light. The first description of tachyons is attributed to the German physicist Arnold Sommerfeld, but it was George Sudershan [1] [2] and Gerald Feinberg [3] (who coined the term) in the 1960s who developed a theoretical model for their research. Tachyons are used in several theories, including string theory. In terms of special relativity, a tachyon is a particle that moves on a space-like (rather than a time-like) orbit and has an imaginary proper time. Because a tachyon

goes faster than light, we would not be able to see it approaching. After it passed us, we would see two images of it: one in the direction it is flying (left) and the other in the direction it came from (right). Both images would move away from us. The image of the fleeing particle (left) would show a red shift due to the Doppler effect, the image of the approaching particle a blue shift. The black line is a snapshot of the Cherenkov radiation shock wave.
New Age: In the New Age world, a number of products [5] and services [6] have been developed from pseudoscientific [4] or marketing research that are claimed to use tachyons."" ....so in other words if you read more about that crap of the existence of tachyons, then it are just a bunch of theoretical unproven nonsense stories...aka bullshit.

Hmm maybe? let's try what it does when I insert that tachyon suppository on that neck chain anally… well why not? Who knows it has a cleansing effect? Or I hang that thing around my cock? you never know, haha a boner all day long.

Anyway, it's worthless that my girlfriend has believed in that shit and bought it. Because that joke certainly cost a lot of money !! Another proof that most people are VERY gullible. Perhaps many New Agers (selling this shit) are just as gullible as their ego-tripping "teachers". Everywhere you will find a new age club that comes together and lives blissfully in an ego-tripping dream world, a pink bubble. But it is even worse when they starts to convince others to buy mainly things (rubbish) that should "improve" their "life". So people really haven't changed much since the Middle Ages. Back then, for example, the charlatans of the Catholic Church were already selling rubbish items to the 'sick'and hopeless, such as a piece of wood from the cross of Christ, pieces of bone of Christ in the form of amulets, sweat of Christ, blood of Christ and probably also the piss and shit of Christ to drink orally as a cocktail every day. Everything for "more happiness" and "safety" on the path of life, "better health", more vitality, etc. etc. Ultimately, of course, just to fill the treasury of the church. New Age is nothing more than like a dream religion that artificially keeps everyone in a pink bubble, only gullible people follow that nonsense.

I even knew someone who once bought a booklet on Urine therapy, which recommended putting a glass of urine in the fridge and drinking it in the morning, and massaging your scalp with your own urine. The 'treatment' was recommended to promote hair growth (even if your head was completely bald). So that person smeared it every morning in his thin hair or on his bald head, hahaha! The writer of the book must have laughed at the idea that people actually do this when they read something like that. Just so simple to make people believe in everything.

The moral of this story is that these guys, these creedy fucks, get away with it because of the gullibility of the people. Their ego is so huge that they immediately show their real face behind their mask. And you really don't want to see that face hahaha. Many are therefore very predictable and that is how I like it, because the easier it is to kick that bunch of vulture their nuts.

Division in Action

Nowadays I hear a lot of streamers shout that the boomers are to blame for everything, because they have done nothing to counteract the Powers of Power with their sick psychopathic plans that they are pushing through and are now being blamed by the younger mindfuckt generations for having such a hard time.

As an example I can say that also to younger generations. 3 days ago I walked on the street and a group of young people told me to put on my facemask, which I gave them my middle finger, and said to them go fuck yourself.

So I got more and more annoyed by the demonization of the oldies who are blamed for everything, like it's all their fault that this merged 'crisis' is the fault of those fucking baby boomers, etc. It's nothing but divisive by manipulating the rest and sowing hatred. Well, I also know a few things to sow divisions in action: I can also divide between black vs white, faith vs faith, young vs old, man vs woman, right vs left, thin vs fat, working people vs not working bums, state vs state, country vs country, and soon vaxxed vs unvaxxed etc.

I could also get annoyed about why, for example, I have to pay the hell out of all

those fuckers with their fucking kids? who go to school, field trips, study books, childcare, etc. Why do I have to contribute to parents who have handicapped or retarded brain-disturbed children? Why do I have to pay for people who are or become ill, regardless of their age? Why do I have to pay for bastards without a job? I can say a lot more that annoys me. Then let everyone pay for their own troubles and the cancer I wish for everyone.

Hopefully no one will be older than 35 years. In fact, there should be a ban on being allowed to be older than 35, that has something and prevents a lot of annoyance and its lower the cost, at least that will help, and goodbye to the "overpopulation". Everyone who makes a mistake in their life must also be cleaned up, because I also don't want to pay for all those prisons, get rid of it and please give all criminals a lethal injection.

Also anyone with an IQ lower than 123 should be killed, because those stupid fucks are of no use and only cost money. Away with anyone who doesn't fit into a system that is now being rolled out. I want to live in such a world, with only super intelligent and healthy young people, never again a crisis!

Funny, laugh actually, that the Powers-in-Chief themselves do everything in their power to become as old as possible themselves, that bunch of old power-horny mummies ..kill all those wrinkled powersick fossils, and everyone who's is working for them, worldwide! but don't blame it on the oldies who got mindfucked by our Psyghopathic Rulers just like all the younger generations.

Meanwhile our Rulers are hopelessly searching in their ancient occult archives gathered together in search of immortality, in order to be able to reign themselves eternally over their mindfuckt new young slaves who must worship them as if they were the gods..the heavenly immortels
So everyone is a behind his elbows cuntlicker who is used to his misery like a frog in a pan and a hypocrite and a liar, hilarious that everyone is looking for the truth and does points his finger at another ..and says: it's their fault !!

And not even know the truth about themselves. That is why the slaves frantically search for a Leader and let themselves be fooled, because they themselves are too stupid to shit, and parasitize on the pockets of the oldies and their parents where they live until the age of 40 if possible and let themselves be fed and pampered by older and old people…fucking losers, Die you parasite fucks!

Anyway, lastly, those people fuckup rioters who say that the oldies of this world

should fuck off and die because all the misery that takes place is their fault. Basically saying they don't want to grow old themselves, because then they'll be just like those stupid old bastards when they get old themselves., But then the younger mindfuckt generations will make sure that they too are beaten to pieces. Btw, It is also a easy thing to divide, when you consider that every generation is raised differently and is programmed in a different way through, for example, education and other mindfuck propaganda. The generation of 30 years old, for example, don't understand the older generation no more and the younger generation below him.

It's time to stop being tempted by these fake truth rioters who must make sure that you accuse each other and start hurting each other by sowing divisions to ensure that you do not attack the real traitors who have caused all this chaos. These bastards are only there to divide you, manipulate you and distract the people and they feed you with assumptions and the dumbfucks react to it like they're awake ..not! keep on dreaming, because there's almost no opposition at all. How do they control the opposition? simply by directing and lead it themeself. So Unite people, and if you want to fight it so badly, then don't fight and kill each other but drag for a start all the real traitors out of their Government buildings as you seek justice. Then at least you pull the stinger out of the frontman hornets who carry out the orders what to do from above, from their masters.

Wrote this because I was in a bad and irritated mood on Old Years Day, (31-12) without really getting into it deeper. I wrote it down as quickly as I could. And for everyone who is stupid as shit, will throw buckets of misery over themeselfs because you participate in the game of divide and conquer

If you assume that the video would be real, than he is right, that Korean slit-eye fuck (who received his training at a private school for the elite in Switzerland) that says: "all you have to do is nothing" and laughs, because he knows no one believes him because you despise him, for whatever he says. But what he says works not only to make democracy fall away, but also to make the hidden Rulers of our world powerless by simply doing nothing! He actually reveals what you have to do to stop playing in the visible field, the game of goose, where you are just a pawn. Because in the visible field you play THEIR game, whether you are against it or for it, You are playing THEIR game. (Their fake reality, which is built on lies, to keep control over their dumbass slaves) So, Unite all, and stop playing their game by simply not participating in it

anymore!...and go all sit on your ass for my part, and shout: We are no longer in it!! and give your Ruling Masters the middlefinger..that psychopathic sick scum.

Sick psychopaths, satanists, traitors and other types of evil criminals

Wherever the Reigning hidden Masters have pushed forward their satanistic power horny puppets and front men, and have everything now infiltrated and are sitting now in governments, banks, food and pharma industry, WHO, WEF, UN, EU, media, police, hospitals and even paid rioters, paid trolls on the internet and controlled opposition and the opposition within that controlled opposition, those fuckers that must keep everything and everyone within the safety net system by mixing truth with lies, etc etc it is too much to mention, where are they not infiltrated in? worldwide there must be millions of those bastards.

But, than it is funny that all those people who have sold their souls to their Ruling Masters don't understand that if they have reached their goals, they have to be killed too, simply because they know too much, which is 100% sure. So how stupid you have to be to sell your soul to your Masters, when you know that they are the greatest sick psychopaths. And everyone who is not part of their select group is eventually thrown before the train or another rotten accident, like being murdered, which they are now called, euthanized…that

sounds less bad ey, you traitors hahaha and then they can go to hell.

Anyway, but what happens to all those bastards who don't get their punishment and think they can avoid it? Also the hidden Rulers themselves? Well, nobody escapes punishment, everything is cause and effect and you get what you deserve, so let me lift just one more tip of the hidden occult secret veil. There is no Devachan for them, your own heaven where you reside in a state of ultimate bliss until your ego becomes too heavy(when you've processed everything of your life and then sinks out of Devachan)and again feels attracted to Earth for your next reincarnation. No for them is only Avichi, that will be their fate, because they are attracted to this after their death ... going to their own sick hell. Actually because of their desires lusts and greed etc and evil selfishness animalistic material sick thinking they have slowly become dehumanized in there lives and lost their connections with there spiritual parts, so the spirit and soul will no longer recognizes itself in them.. they are just some kind of beasts, but back to the hierargy of the animal kingdom they can't either.

The Avichi knows many degrees and stages for their unsatisfied low selfish desires, which will eventually for the most sick rotten bastards among them, will ensure that even their entity will be destroyed. At the end of their Avichi (there own hell)the most sick evil ones among them go after there Avichi, will disintegrate on the 8th sphere (also called the planet of death) and that will be their final destination where they will be repeatedly ground in the cosmic shredder of Nature ... to their monad, that will disappear as a shadow in the sunlight so that not one spirit particle of their existence can ever be found back in the universe,, as if you never have existed, because even your tiniest atom is destroyed, .and I do not reveal more about it because that is secret, actually I shouldn't be talking about the 8th sphere at all....except then,..think of it a bit as like a sun, who also has to cleaning up universe junk, that's floating around in space, like, comets and meteorites, to make sure planets stay protected from it and that junk also serves as fuel for a sun..except than, that that space junk, still has a function.. as fuel, and the most evil sick psygopaths have no function in the universe, and their existence will be completely destroyed on he 8th sphere, and nothing can ever be found back of their existence in the universe.

So, and that means that you are really dead and destroyed, more death is impossible ...crash and burn!! you motherfuckers. But what I said earlier that Avichi knows many degrees and stages (just like the Devachan by the way), but what I am also not going to explain otherwise I might give these sick psychopathic evil bastards a little bit of hope, and I don't give that knowledge to

soul-less evil people that are rotten to the bone. And also thinking these evil sickfucks themselves that they are not afraid of hell, because they think they can get away with it, but completely wrong thinking, you arrogant sick evilfucks. In a state of nightmare and terrible fears you lie screaming inside yourself on your deathbed, which is just only the beginning when your sick life passes by for your eyes like a movie before you are brain dead, and then you can go fuck off to your own hell. If every criminal would know what to expect when they close their eyes on their deathbed, well I assume that crime will decrease by at least 80% or more and they will think more than two times before they commit crime or other sick things. What I'm not going to explain futther because it's pointless, everyone is now full of hate and in the selfishness modus but I laugh about that and spit on them, because I'm way above their hate and I know my fate.

So, here's some more
additional information about it from an occult book I have (01-9-2025, which I'm adding today)...so a little Update, ey ;-)

Eighth sphere,
An expression used in the more esoteric or inner part of the teachings, about which little can be said,
because this part of the teaching has always remained hidden behind a thick veil of secrecy and silence.

The expression is often confused with avîchi, but wrongly, because the two concepts, although closely related, are nevertheless entirely different. While avîchi is a state in which very evil people "die and are reborn without interruption," but not without hope of ultimate redemption.....something that, in the case of very evil or soulless people, can even occur on our physical plane.....the eighth sphere represents a much greater degree of psychomental degeneration. As has just been indicated, even in avîchi there is the possibility of being re-ensouled by the ray of the spiritual monad; however, in the eighth sphere or planet of death, this possibility disappears forever, and the entity that has sunk to the planet of death is what is called in esoteric philosophy a "lost soul." In the eighth sphere, the lost souls are repeatedly ground down in the laboratory of nature, and their constituent psycho-astral constituents or life-atoms finally disintegrate. The eighth sphere or planet of death is a truly existing sphere. It is, of course, also a state of being, while avîchi is almost exclusively a state in which an entity can exist, although it is clear that this entity must occupy a position or place and therefore be located somewhere in space.....on our Earth or elsewhere, btw, what I have now added to this blog, I

should have done it right away back then, but I thought it was more than enough at the time....but better late then never, wtf ey hahaha ...justmec

GOOD vs EVIL?

There is no good vs evil in that sense. There is also not even a balance between 'good' and 'evil'. GOOD is precisely that BALANCE and everything that is out of balance, that can be labelled as that 'EVIL'. We live in an asymmetric world that actually strives for 'symmetry'. Balance is perfection. How a strange force is the balance. How a mysterious all-conquering force must be this! So what most people see as 'good' may be by far from that. There comes a day when all false gods and Satans will dethrone and decrown, when every dark evil passion and desire will be overcome, for there is one eternal naturelaw in the universe that always strives to settle every contradiction, in small and large and wherever, to eventually bring everything back into balance and harmony otherwise the universe could not exist because then there would be chaos, so there is no 'balance' between good and evil. And what is impossible to rebalance will be destroyed in the endless spinning shedders of the universe. (you can see it as a sort of trash dumps of the universe)
So just do what you think needs to be done without worrying too much about

what's good and evil and stop just hating, because that's what people want to excite you about, and do not dwell too long on the problems that come your way, see it as a path where you walk where stones are placed, kick them away, and continue the path you are walking on. Try to listen to your soul, your subconscious mind, that little voice that you sometimes can hear in yourself, your conscience and who knows exactly whether you are doing something that cannot be done to another person, because you do not want another person to do that to you.
Look at it first from a distance and if you're hurt, well, action response is the most wise response to that. Hunt those fuckers on the shelf, do it coolly reasoning and wise.

==========

🞼🞼🞼🞼🞼🞼🞼🞼🞼🞼🞼
🞼 A LITTLE BIT OF X TALK 🞼
🞼🞼🞼🞼🞼🞼🞼🞼🞼🞼🞼
X is also in…the Chi-Rho (is also 911) (is the ancient Horus symbol) and is currently used by the Catholic Church as its main symbol. (for centuries) It is the P (9) with the X (5) through or over it. This symbol means: Man/Woman, Sexual intercourse or Regeneration, Christ (but also Horus….the son of Isis and Osiris), and….Skull/Bones. The P is the skull and the X are the bones. 9-11(X uncrossed) also represents 9=skull, 11=bones….the bones crossed is also the X (the 5 points) that has power over the skull (9) (the stupid herd of slaves),…your mind, power over their subconscious….X from above, is also the pyramid, where those in power identify themselves with, …where they come from, …pharaohic power from which the aristocratic fuckers come from/from “tribes”…they have twisted all their bullshit as if they are descendants of pharaohs/ and are kings etc anyway the PTB are really obsessed with number 5 (the X) because it rules over the other numbers, and why I mention Chi-Rho here, is because the church (all faiths) are also under their power….their priests run that shit with the pope as their high priest…only they have no power over number 10 (the divine) ..that's why they also hate the divine, their Maker/the creator, and have replaced him with their god satan, who will soon also have to rule as their antichrist ..AI takes on that role soon lol….what is for example the most important number on a dice for them? (cube) …the 5 …and is also the X if you

connect the dots and is also the pyramid from above that also represents the concept of 3 and 4 in itself…3 the compass (the rulers) 4 the square, the square (bottom part of the pyramid), their slaves over whom they rule…trapped in the cube…. the fuckers are crazy about juggling with numbers, letters, colors, shapes, isometry etc. in ways that the stupid slaves do not see and understand (and is also their secret language) but everywhere, really everywhere…around you is…to fuck your subconscious and without knowing it, they keep telling you, we are your masters and everything is ours here and we own your ass…

pfff all that pharao pharaonic shit of them)….btw the old signet rings of the Roman emperors that they wore also had IXXI on them ..so 911 IX=9 XI=11…so also the skull and bones ..the Chi Rho
…but also 2x the pyramid XX (2 x the 5… which the freemasons also use) so also the double cube that then forms an octagon(https://postimg.cc/ns87zNfg 2 cube's 2 crosses...your double crossed fuckt)(< the unfolded cube is the cross, which symbolizes freedom... horizontal 3, vertical 4 (flying through time and space)...when you come here to Earth, the 7 planes of the cross fold up and form into a cube, forced by those in power, the cube where you in held captive here on Earth, like a slave, as a kind of prisoner in it, and when you die it unfolds again like a cross, hence the crosses in the cemeteries on the graves, which symbolize that the dead are free again. And that is also what Jesus symbolized, crucified on the cross: That you can be free... even here on Earth, if)…btw 911 is actually 711 because September is ….sept= 7 ….why? because in the past a year consisted of 13 months and the full moon was always the first day of a month…so every month had 28 days because a year had 13 months..28x13=364 days (the evilfuckers changed everything mainly to fuck up your biorhythm…(btw Obama also wears the 911 ring…that faggot also pretends to be descended from pharaoh bloodlines, just like Macron, Trump etc…all belong to the evil club)…with on top of that the hidden rulers who have the REAL POWER….

And all that bullshit on the internet…it's the Jews! (the chosen ones of god??) ..The Israelites…no, they were only the “chosen people”…of Pharaoh…the 1st slaves of Pharaoh, ..that's all, and they always have a warm spot in the hearts of the overlords-fuckers and are allowed to do much more, and who have been given the honor of running the show on the visible playing field/battlefield of/in the illusion about the rest of the slaves as a kind of kapos in a concentration camp who are allowed to oppress the rest on the playing field, just like the freemasons and other evil clubs do blah blah blah

The real rulers like to alternate, to achieve their shit with divide and conquer,

and to keep changing the power on the visible playing field (again new rules of the game) ... just like the English in the Middle Ages, who then had (received) the power on the visible playing field ... their flag says enough ... X (5) .... and also 911 is on their flag and octagon and its colors the old order = red and white the NWO and blue is the color for war in the flag (their weapon of arms). btw, the English were called the people of the covenant in the past ... from whom then :p ? lol…but then came the Pi-rats (the Pi 3.14 rats) the pirates who had to contain the power of England again, the pirate flag: the crossed bones (X..5) and the skull (9) in the color white (nwo)..just like the symbolism of skull&bones club 322, skull with crossed bones…the hidden rulers rule all camps and all their clubs lick their ass and work for them)…it's all X X X X now, X twitter, X-rated, X planet, Xbox, X targo bank, X over the usa, Fahrrad XXL dureX etc etc btw, The pentagon (5 side) also has the X(5) and skull(9) in it (because Chi-Rho is also in the middle of that building), so 5 so also pyramid from above etc etc …prayer without an end :p plus all the hidden X's like for example in a pentagram that you can place over the person who is in it, if you connect the points of the arms and the legs, then the arms and the legs are the X which in turn controls the head (9)…the mind

And then to think that all their symbolism shit etc is only a bit extra for me… because it has nothing to do with what is REAL TRUTH, all their bullshit is only to ensure their sick power over the herd, and to keep everyone trapped in a fake reality in the Maya(the illusion), all their symbolism bs is to maintain the illusion and make it credible… that the world is theirs…. their fucking 5 also represents their power over the 5th human race on earth, but anyway all their shit is there to make you believe that they are descended from the pharaohs bloodlines and have the right to be our overlords, kings etc…. what a joke to now reveal their so-called truth of their self-fabricated symbolism shit and I don't know what else via movies videos books etc, … if it were real truth, they would NEVER tell you… the fuckers, … I laugh at them man, all those sickfucks… briefly; with the X they are actually saying that they rule over you and have power over your conscious and subconscious (the 9) (which they already had btw)….and all this X stuff now is most likely the heralding of their launch, the kick-off of a new consciousness for the masses (the old one has now been largely destroyed), and you will have to get on your knees before the PTB and worship them as if they were your gods…

Really you get fucked with EVERYTHING by those guys, I can go on for years about their bullshit symbolism ... and all their self-made bs is for me only a little bit on the side, to see through all their tricks ... your subconscious is even mindfucked with the language you speak and what you are thinking ... suddenly

there was the language English, specially developed by them for that ... it is not for nothing the world language, just to be able to fuck as many people as possible with it in their subconscious, without having to do anything for it ... and those yanks are the dumbest people btw, their culture only consists of a bit of rock & roll to fuck their mind, beer and drugs and other bs ... Rock & Roll ... yea the people from the stone, your hidden rulers, your overlords, who also conquered Europe in the past when we still lived in wooden and clay huts ... it is all a prayer without end hahaha :p so sad ... the pyramid X = we are your masters!
(btw, also a crown is depicted with 5 points on it, connect them, and what do you see? ...the pyramid on it, but you have to have the eyes to see it ey ;-)
https://postimg.cc/WhM39rmQ crown with 5 points on it ...X...from above, the piramid

So enough X shit for now, because I could fill a book with this bullshit, but I won't..you'll have to do it with this for now hahahaha :P Oh and also in isometric, the X is also visible from the side as a 3D pyramid js :p and here a link with some Chi-Rho shit from wikipedia https://en.wikipedia.org/wiki/Chi_Rho :p (from NetTV he dumped that link in UKE chat ;-)) and here

I do not consent, I do not recognize your authority!

You are all sovereign and no one has authority over you! You all were born sovereign and you will always be sovereign!

Were you born as a citizen service number? NO! or as an ID card? NO! When you were born, were you born with the idea that you had to obey laws? NO! Were you born at birth with tax liability or debt? NO! When you where registered by your parents in the population register of the civil registry one day after your birth, can you do something about this? NO!
Do you remember all those websites within the alternative media that put forward all kinds of complicated procedures to you to have you declared sovereign? Perhaps this will help you out of that bullshit dream.

Let's take a look at the law In countries with a queen or king. Politicians, judges, lawyers, police, inspectors, the army and all sorts of other 'professions'. Who signed those laws? To whom do all these professions swear allegiance? That's right. To the crown. Our king or queen (yes, they have signed all the laws)
All the professions mentioned (and those I have forgotten) swear allegiance to the crown and not to the people. And on what is the crown - on which the king and queen base - its legitimacy to govern? What are 'professions' on? They invoke the assumption that the king and/or queen ('the crown') have been appointed by God. Now you can go from me to a church or to a mosque or to any institution, yet you cannot prove to me that God exists. You cannot prove this in the form of any tangible evidence. That's a faith.

The question then is: On which God does the crown base its legitimacy to govern? Is that the God of the Bible, the God of the Koran or the God of the Torah? Who can prove to me the existence of God?
You can't commit Majesty trespass In countries with a queen or king. That

means you can't insult the king or the queen. All right, then I ask you if the king and queen can feel offended when I ask them if they can prove their power base. I also ask the following question to the crown and all those 'professions' that 'invoke' (the word says it all) on the laws and their oath to that crown. I ask you the following (not offensively intended) question:
Can you show me the power base of the crown and the laws, by giving me proof that there is a God and can you provide the physical proof that this God has given the royal family power?

"Well, you can't ask that question Freely! I'm sure that's Your Majesty's scorn!
"No, it's not. I'm not insulting anyone. I'm just asking a question. A very legitimate question as far as I'm concerned. I don't throw stones at their Palace, I don't scold anyone, I'm not saying the king or queen is crazy. I'm just asking a very legitimate question.
So when all kinds of websites circulate that give you all kinds of complicated procedures that allow you to declare yourself sovereign, my question to you is: Do you really think this is necessary? You were born a sovereign man and you will always be sovereign!

You may have taken an oath in ignorance, but your originality is sovereign and will always be sovereign. All those websites that say you can "become sovereign" try to capture you from talking to you of "world citizenship" (or giving away your sovereignty); this time not signed by your parents, but by yourself. You don't have to become sovereign: You are already sovereign. Everyone is sovereign. You also know that you are a creative form of consciousness that has his/her originality beyond this illusion simulation here on Earth what is create by “our Rulers”. So there's no one who has authority over you. I repeat: no one! It's just a matter of drop your slave programming and not being afraid to know. Really know!

Faith in God is a faith, the belief in the power of the crown is therefore also a faith. Your sovereignty is a natural law. So there is no one who can rely on authority over you, all based on a belief and not on evidence. You are your own authority! That's not faith, that's not delusions of grandeur, and that's not a conspiracy theory. That's a law of nature.
So there is no one who can in any way deprive you of your freedom or impose things on you that you do not want. I give an example When you come to court, you can point out to the judge that he swears allegiance to the crown (God's grace) and therefore he has no authority over you, and you can point him to the law signed by the crown (God's grace)...and you are free to go :) Any law signed by the King by the grace of God can be considered invalid if that grace of God

cannot be demonstrated. Please show me that signature from God!

This of course also applies in countries with a president, who also take the oath to God but they also can't prove that God exists

So fock those psychopathic parasites in Power over you, with their laws to make you all slaves. it's their Rules but not your Rules...It's wake up time slaves, and stop being deceived because when you were born you accepted the world as reality, it is not, It was created by those in power ... you live in their created illusion. What also means that you have never been free, not now, not 100 years ago and longer back in time, and not in the near future, they own your slave ass. Because you are silently accepting it ... and those who are silent are giving permission. But, nothing is what it seems to be, it is only an illusion where you are held captive by the Rulers of our world.

So in a nutshell,..
Any politician, agent, judge or other pawn of the crown (the royal family) who tries to take away your freedom, you can say to them that the authority of the crown (which signs all laws and to whom all those officials swear allegiance) I do not recognize you! Because that royal family(the king/queen) is an institutional racist institution that claims to be allowed to rule by the grace of God. You can ask all those officials if they can show you the document of God's grace on the basis of which they exercise their profession and on the basis of which the laws and regulations are established. So, show me the proof of "God's grace", that is what you say to every officer and minister, judge. They have to prove to you that the king has the right to sign laws. If you do not see that signature from God, the law does not apply to you. Point. You have no authority over me. They cannot show this and so you go free.

I do not consent, I do not recognize your authority! ..so fuck off

Unite everyone and also stop with playing their game of problem reaction solution ... don't let you be fooled anymore...be a sovereign and not a slave anymore.

(update 19-10-2021)
https://www.youtube.com/watch?v=2yBvVP-wGMY The Judas Goat ...in other words, the controlled opposition

^The only way out is to see that the farmer(the Rulers) has no authority over you at all; that you are not even a sheep, but that you are programmed into

sheep mode, and that you have more authority than the farmer. So break out of the fences and stop chasing the Judas goats!

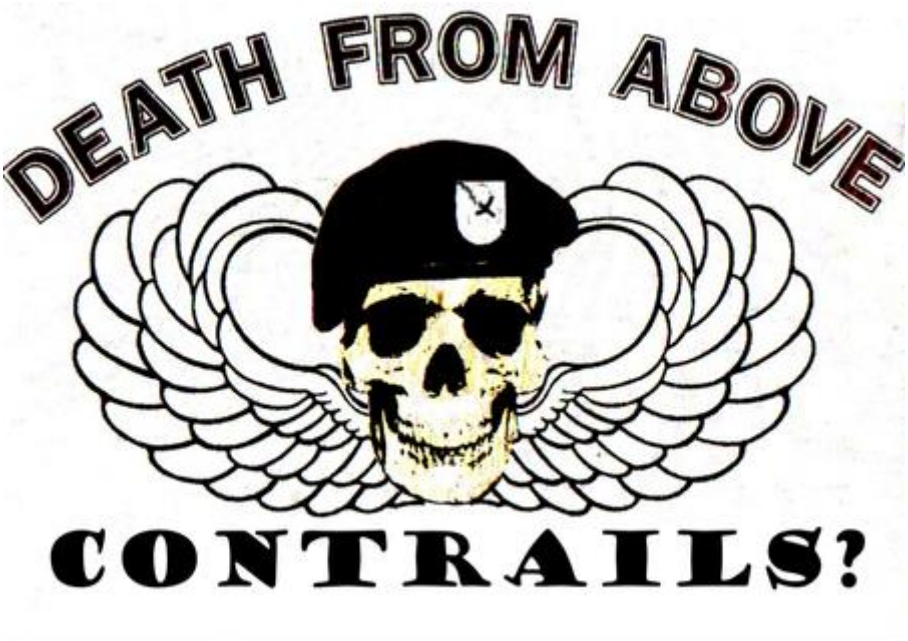
Death from Above



A few days ago I was watching a video, and it was triggering me to add to this as well, because the infantile chemtrail deniers are only screaming there jackshit in the air, and not even watching these kinds of vids.
https://www.youtube.com/watch?v=rf78rEAJvhY Geoengineering Watch (10-3-2021)

But what have those anti-chemtrail smarties answered themselves about what they are?… They are contrails? They don't come further than that to shout all together in unison, and: it is all bullshit and conspirecy delusions those chemtrails, so you are crazy, And use their “strong” arguments like: because otherwise the elite would also be in this shit and breathe that junk in also, and for example, the Rothschild family never sit again in there garden when it is so dangerous to your health, so that's why chemtrails don't exist, you see ghosts, because they are only contrails (moisture stripes). It's nice to know that there are people who know exactly what they are, and how it works by only going shout around as if they had the knowledge, without any research… the best helmsmen are ashore. But the people who saying “we are being sprayed like lab rats” or “they pollute the ground with all that rubbish in it” etc, is in their eyes a moron and a alu-hat-fool with his chemtrail believe. But, just turn it around, let those chemtrail deniers give the answer then. But if you ask them what it is, or

has caused it, you will not get an correct answer from them. Except that they shout again in unison that they are contrails!. Then why didn't you see all that shit in the air 30 years ago? All of a sudden airplanes started producing long stripes in the sky and those “beautiful” squares striped shit above our heads and other beautiful grid works high in the sky. They linger in the air for hours and show “beautiful” settlements of that stripe shit, which eventually blow apart after some time until the whole clear sky has turned into a misty blurred haze, but well, it's just a bit of condensation, right?..fuck off!

It seems like a kind of competition who is right, as if there is something to win. Well the club that in this case deserve the prize for the most Stupid cunts of the year awards, are the people who don't even know how to put into words how a contrail (moisture trail) is created at all, and a big award also to all those fucking liars who tell in the Media weather news that all stripes in the sky are just contrails. They refuse to want you to understand that, for example, that jet engines cannot produce contrails, which is also said in the video, except for those old water-injected engine planes that no longer flutter around. Btw, ever seen a jet fighter with a trail behind it’s ass? No, because otherwise the trail shows where the jetfighter is in the air, typical isn't it, that a jetliner also flies around with the same technology engines (jet engines) but then suddenly shows all trails behind it. But let me be so kind as to teach you lesson 1 from aircraft construction here in my own words because otherwise it will be too long a story.
A contrail (condensation track) can only be caused by the wings, because the wings have an aerodynamic shape and must ensure that an aircraft can take off. Simply explained, because the air that hits the wing nose (which is hemispherical, and merges into the rest of the wing) divides through it, so that one part of the air passes over the top of the wing and the other part from the air to the bottom of the wing.

The top of the wing is curved, so that the air passing over it takes longer to reach the end than the air that is directed at the bottom of the wing because it is flat and shorter then the curved topside and therefore the air travels faster at the bottom of the wing, and allowing the wing to provide lift. The curved topside of the wing ensures that a lower pressure is created on topside of the wing and when the speed is high enough,the plane can take off . Also, the air that took longer on top of the wing, but at the end of it, rejoins with the air that went faster at the bottom of the wing, that if the humidity is high enough, moisture “can” build up. in the air stream at the topside of the wing, because the damper air took longer to leave the topside of the wing to reunite with the faster air stream from the bottom of the wing, which then shows itself as a

contrail when leaving the wing because the moisture could accumulate there because the air flow was slower than at the bottom...and shows than a trace of moisture, a temporarily accumulated moisture stripe. But dissolves very quickly and cannot linger in the air for half a day, but only for a maximum of 20 seconds. Also the wing-flaps have an influence on the speed of the air that passes over or under the wing, which also influences the air delay depending on the position, but I will not elaborate on that, this is an explanation of how a contrail build up, how it is possible how a moisture trace (contrail) forms / arises.

Well, the humidity is on average at altitudes like 10km (32808 feet), where the temperature is something of minus 50 Celsius, and is very low in humidity in relation to, for example, at an altitude like 1 or 2km or on the ground ... the humidity at 10km is on average max. 3% to 1%, so hardly any moisture streaks are possible at great heights. So no contrails that linger in the air for an hour anyway, because that is impossible, what are they then? So let those smart chemtrail deniers who keep bashing the chemtrail “fools” first answer that question, those stripes that eventually let the whole sky turn into a kind of misty haze when the stripes have blown apart after an hour or two, instead of always kicking at the people who do study it and sound the alarm because it makes them feel be aware that something is very wrong above their heads. Again, contrails that do not dissolve after a maximum of 20 seconds behind an airplane, are not contrails… so it is a chemtrail, or whatever you want to call it for my part. I can write more about it, but I'm tired of preaching to dumb fucks who think how to blow their own horns and point to and accuse others of no knowledge...how hilarious. Btw, here a nice video that I saw once, the First Chemtrail Experiment by the "God"ernment easy physics experiments
https://www.youtube.com/watch?v=p83l6FGJ9vE

And a vid about...Jet engines cannot produce persistent contrails
https://www.youtube.com/watch?v=7yieUi_d2zI

So, I rest my case for now…..end of contrail line ===== >

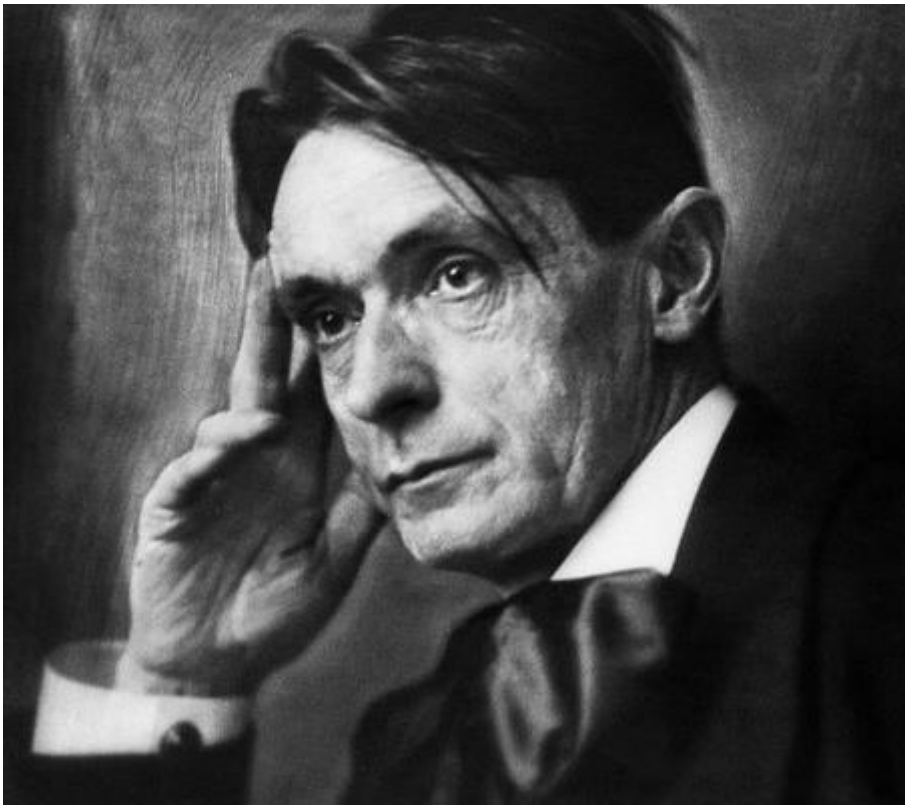
Rudolf Steiner - People will say: It is pathological to even think in terms of spirit and soul



At the Council of Constantinople it was decreed that the spirit did not exist; it was dogmatically stated that the human being consisted only of body and soul, and it was heresy to speak of a human spirit. In the same way attempts will be made to decree the soul, the inner life, as nonexistent.

The time will come — and it may not be far off — when quite different tendencies will come up at a congress like the one held in 1912 and people will say: It is pathological for people to even think in terms of spirit and soul. 'Sound' people will speak of nothing but the body. It will be considered a sign of illness for anyone to arrive at the idea of any such thing as a spirit or a soul. People who think like that will be considered to be sick and — you can be quite sure of it — a medicine will be found for this. At Constantinople the spirit was made non-existent. The soul will be made non-existent with the aid of a drug. Taking a 'sound point of view', people will invent a vaccine to influence the organism as early as possible, preferably as soon as it is born, so that this human body never even gets the idea that there is a soul and a spirit.

The two philosophies of life will be in complete opposition. One movement will need to reflect how concepts and ideas may be developed to meet the reality of soul and spirit. The others, the heirs of modern materialism, will look for the vaccine to make the body 'healthy', that is, makes its constitution such that this body no longer talks of such rubbish as soul and spirit, but takes a 'sound' view of the forces which live in engines and in chemistry and let planets and suns arise from nebulae in the cosmos. Materialistic physicians will be asked to drive

the souls out of humanity.

People who think that playful ideas will help them to look ahead to the future are very much mistaken. We need serious, profound ideas to look ahead to the future. Anthroposophy is not a game, nor just a theory; it is a task that must be faced for the sake of human evolution.

(^^ In the link you can read a lot more about it, I only placed a small piece here and it is an interesting read with a lot of truths, but unfortunately also mixed with Steiner's own "truths" It is always the same song, also Steiner uses secret hidden knowledge for his own selfish interest.what I on the otherhand can understand, because the occult archaic teachings are difficult to share for people who are high in their desires and want to have it for themselves, it's a weird thing spiritual selfishness, some kind of mental illness.... ;-)

What are we going to do about uncle Bill?

I'd love to put money in the bag, but not in Bill Gates his pocket.
Because it's damn enough now uncle Bill

Well what can we do about this psychopathic Bill Gates?
Of course, we can hire a few professional assassins ourselves to help uncle Bill go to the other world, what Bill can do, we also can do…a little bit of

crowdfunding will do because to hire a few assassins you don't have to own an Empire for that, right?
But first I'd like to write a little warning to sick fuck Bill Gates.

My message for Bill Gates.

Dear Bill,

I would ask you asap to remove everybody on Earth from your sick Deadlist. By no replay on my request, I let you know that we have here in the Netherlands good connections deep inside the FARC in Colombia and I will be forced to take contact with Tanja Nijmeijer in order to let you understand that you are no longer be safe and can continue with your devilish sick practices when YOUR name come on a deadlist.
You also need to stop investing in all kinds of things, so that your "friends" who don't want to be famous, can no longer hide behind your old wrinkled ass.
Actually Bill, you are acting like a kind of fluffy in the porn industry, making sure the dicks get sucked stiff, otherwise the actors can't fuck pussy.
Note: Also your wife, family and friends will no longer be safe.

Sincerely,
mec

GRABBERS the financial terrorists

Less and less people still believe the Elite anymore, which is a good thing, by the way. now that we have already completed the Mayan calendar for an 8 years ago which since 21-12-2012 has reset the end of their calendar to 00-00-0000... in other words, we start again with a clean slate. So we should also start with crooks to reset to 0,0 who are now grabbing even harder than they did before the Mayan reset. It is now becoming time to rip all the big criminal

crooks off their beds and not, for example, people who have stolen a roll of licorice to throw in jail for 5 years or so. So it is high time to start kicking off to drag the elite bankers and the mega companies that commit fraud as if it were a lust, out of their palaces and hold them to account. To this day, the fucking Law only imposes a few fines on them if they get caught and who are paid by the "innocent" shareholders (can't be crazier) so that, that bunch of dirty mega crooks can avoid their life sentences that they should actually get for their malpractice and can continue to grab again , because the fines do not outweigh what they have been able to put in their pocket. Hopefully the time will come for guys who are also thinking a little bit in my street, to start punishing those mega financial crimes of capital trespass with mega fines that are much higher than what they stole, or give them the death penalty. Time that their crimes to be classified as "Financial Terrorism"... because that's it! ... Well, for terrorism you get the death penalty says the law.

Besides that, it's very sad that not one country has actually already done that... and that also says enough how knee-deep all that criminal scum has a finger in the porridge all over the world, they have the whole system in their pocket with help from there frontman in the governments, their media whores, the freemasons and many other initiated groups behind the curtains. All corrupt to the bone... It's just one big mafia mess in the world that's governing us all and it's about time to clean up the house

justmec : it's all very sad what all the suffering is inflicted but you get what you deserve, after all you threw your own stone in the pond and the
justmec : wrinkles will always return to the rock you threw, because the atoms you set in motion divide, no matter how small, but come back
justmec : Which is also a reason why you keep reincarnating back here, because reincarnation and karma are bro&sis, ONE but each with its own

justmec : But luckily there are people like def-mike ..who know "truth"..who have become impersonal..a sort of bodhisattva .and if you are too high in your 5th
justmec : principle(manas) then you will get a Ban from him .. so just nod yes there and swallow your red def-mike pill and follow blindly
justmec : I'm just trying to pull people out of their 4th layer(Kama,their desires)in which they have become deeply trapped by manipulation of the evilFCKS

justmec : ^the underground is full of water. When that water boils it expands and the vertical layers can slide and fall into the sea and you also get
justmec : ^explosions underground between the vertical layers, so a very very dangerous situation...and that's what they don't tell you

==========

And for those who want to escape all the shit that enters your head daily, maybe it will help you by just sailing away from all the Bullshit nonsense. I myself have been sailing on catamarans since I was 6 years old, (and also monohull sailboats) but on affordable open catamarans, and not the catamarans I place below, but there is nothing wrong with dreaming about something, and who knows, I might one day win the state lottery: p
For example, here's a Hobie Cat 14 that I had in my teens and is still one of my favorites, partly because they are cheap and very robust and gives lots of fun sailing it (value for money)

https://www.youtube.com/watch?v=n5x4Hu22pV0

https://www.youtube.com/watch?v=ys5xh92_wGg Hobie 14 Turbo Jan 2018
https://www.youtube.com/@JoyriderTV/videos JOYRIDER TV

So, and now my top 3 ((for the moment :p) dream cruising Catamarans in a certain price category, from €735k, up to 1.8 million.. only :p And 1 mega sick fat Trimaran, which I also like, a kind of crossing between a Lamborghini and a Batmobile with a Batcave in it :p ...awesome, but costs a lot of money, approximately 4.25 million euro, depends on the options (which is actually not that expensive for what you buy...but I don't have it under my mattress :p)

Nr. 1 the Xquisite X5 (cruising cat)
https://www.youtube.com/watch?v=-42-kyoamec (and the new XQUISITE X5 PLUS CATAMARAN Yacht Tour(2022) (By the way, it's not $1.9 but "only" 1.8 million :p) https://www.youtube.com/watch?v=rfdxlC5AMOo

Nr.3 the Garcia Explocat 52 (cruising cat)
https://www.youtube.com/watch?v=bTYjC8JUz8M

https://www.youtube.com/watch?v=evJ9RaGsjAQ

And finally the Trimaran, the Hanstaiger X1
https://www.youtube.com/watch?v=yKpDFprP8Ew

https://www.youtube.com/watch?v=Lx4M1B3yGno

https://www.youtube.com/watch?v=QD2RA2mjJHI
(But a Dragonfly 40 which is a very good trimaran, is of much better quality built trimaran, and imo must more suitable for sailing than that Hanstaiger X1 plus you have quite a bit of money left for other things, a several millions only:p)

^Anyway, all very expensive boats, but a less expensive catamaran does not always mean less good, because my favorite remains the Seawind 1260, (41 ft) super strong built, good quality, great layout which gives a lot of space etc, and a galley in the starboard hull, which strangely enough a lot of people does not like, but forget that in your living space you always see a mess from your galley that is also in there. plus, your living space reduced. Anyway, in my opinion the 1260 is one of the best sailing smaller mid-sized cats, that is also somewhat affordable :p https://www.youtube.com/watch?v=Hh-0pspWJBA - https://www.youtube.com/watch?v=E-LhRucWGNU and is good enough to cross an ocean with it (plus a few updates and I'll live on it too :P lol)

And now there is also the new Seawind 1170 (39 ft),(also a nice one) the little brother of the 1370 (45 ft) https://www.youtube.com/watch?v=JWs0Lvp5-JE but both have more cruiser typ hulls, so the 1170 is less fast then the 1260 because the hulls are built more on performance and is the 1260 still my fav Seawind...although the choice between the two is actually difficult to make because they are both good catamarans...if I had the money for it :p

And if you can't get enough, then watch the south Alantic crossing from Cape Town(south Africa) to the Caribbean in an Xquisite X5, which gives a nice travelogue of their crossing...Start watching from video nr.16 > (Xquisite X5 Catamaran.Test Sail before I leave Cape Town for Transatlantic Voyage) ..until you get to nr 30 (final destination)

Yachting World: https://www.youtube.com/@yachtingworld/videos lots of boats to see here

And If you want to see great monohull sailboats, check out these boats: RM 1180 and RM 1070+ (interesting boats^) Oceanis 41 or Sirius 40DS,or the 35DS(<great boats btw) or a Moody DS41. Nordship 380DS and 420DS also nice, and the Garcia Exploration 45 and the Amel 50 or a Kraken 50, a Pegasus 50 (nice layout inside,) or a old model Najad 440cc, or Najad 380, or an old Rival that are built to be nearly indestructible, but there are many other great sailboat brands, like the Dutch built Puffin 42, or Noordkaper 43 But, if I were to choose which monohull sailboat to buy with a bag of money in my pocket...it's maybe a secondhand, if I were to choose one myself, I would choose the Dutch Zeeman 41 ... https://www.youtube.com/watch?v=5_daSgP6lJY beautiful boat with a nice interior, but it's just depends on what you are looking for.

https://www.youtube.com/@ChasingLatitudes/videos

^And so there are many other sailing channels, so I have listed a few here) The only sad thing is that most of those sailors (dumb retards) are double or fully vaccinated... and think they can get rid of all the misery by taking the nano bioweapon injections... out of fear and cowardice for losing their "freedom" and is it now only a matter of time for them to find an unexpected seaman grave somewhere in the 7 seas, because the body has been poisoned and

destroyed by the rubbish thats injected into their body...but then they are truly Free, freed by death from their hell on earth, where they thought that every new day must be even more "fun" than yesterday.....a kind of disease that affects 90% of the retarded moronic humanity.

For motor yacht enthusiasts of Trawlers, luxury yachts etc
https://www.youtube.com/@YachtBuoy/videos

And for those who also love diving and harpoon/spear fishing and fishing with a fishing rod and love seafood like me (I've been diving since I was 6, and have done a lot of poaching at sea), then this are nice channels to watch:

B2B Castaways (Strick and Fran) :
https://www.youtube.com/@strickandfran/videos

But well, all that so-called freedom on the seas will also soon come to an end, under the heading; environmental concerns,(climate change...brought to you by the military complex with their weather weapons) so the seas must be protected, the fish die because you sail around on the seas, all your fault, it is also your fault for the pollution of the seas by sailing on your sailboat etc, so making it also forbidden to live on a boat, making the port costs unaffordable etc etc,... the seas may soon only be sailed by the elite with their mega yachts, that together pollute more than all the sailboats and motorboats in the world, the seas are also theirs now, and soon no longer accessible to the common slave population.

So, and now a other negative point to close...It strikes me that in recent years a lot of sailboats have been attacked by Orcas/killerwhales, destroying the rudder and damaging the keel...and none of those sailors know why. Well, “maybe” that's because their boats are full of 4G, 5G Starlink internet shit and smartass equipment, wifi boosters, sonar, radar, gps, and other shit for all their electronic navigation shit, satellite navigation systems, radio navigation, the application of radio frequencies to determine a position and what more. All that electromagnetic radiation that their equipment emits is felt by these animals in the water, and can attacks the boat to get rid of the radiation attack on their brains and the rest of there body (because animals also suffer from these death

ray microwave frequencies) btw, many submarines also sail underwater there with their 5G shit etc, and all that electromagnetic radiation in the water confuses the orcas and then they reacts to the sailboats because they also emit radiation, and sometimes I think; what if the orcas find out who is responsible for this shit?...then they attack anyone who gets into the water...I hope they do :p) (here a short vid https://www.youtube.com/watch?v=1E76ReRmktQ in de vid on 1:37 minute "all the advice says to switch everything of" and this vid https://www.youtube.com/watch?v=btA7iLsZQLY

https://www.youtube.com/watch?v=0lhhoPpdjcY and
https://www.youtube.com/watch?v=oYT_x7FBBsU and lot more vids).
It's just like pigeons and other types of birds who attacking 4G/5G cell towers, and seagulls attacking 4G controlled drones etc...what a mess humanity is making with all their radiation shit. And not to forget, Submarines that use 5G today, (and their VLF radiation shit that also goes through the water (for example this in Exmouth West Australia (VLF shit https://postimg.cc/vxfNSM2p) so that an asshole can communicate via this tech, for example, to an airplane when they are underwater, but it also attacked all kinds of sea creatures, such as whales, dolphins, seals etc and they even attack their propeller (which almost seems like a suicide, but it's not, they attack the source that attacks them). Then there's the "unexplained suicides" of groups of whales (and dolphins, dolphins with burns on their skin..from what? the sun?) that swim onto the beach and then die there, which is a reaction to the deadly high radiation that literally boils their bodies and they just swim than out of the water desperately to escape from that radiation, but unfortunately then die on the beach (I won't go into more detail, because it's a hopelessly lost cause and eventually man himself will be in this "boat"
and will sink with man and mouse, if it hits the rocks because our brains are then boiled also by all that electromagnetic radiation shit we are exposed to 24/7
